Subject: Re: Mr Carpet: Runner details required

Hi John,

Thanks so much. In response to your email below Ed and I have looked at it and decided the following.

1. **STAIRS:** Would you like runners fitted to **ALL** stairs or just the **FIRST** (main) flight of stairs ? (the remaining stairs & landings would be fully fitted unless otherwise stated below). **Customer Selection: Runners fitted to all stairs please**
2. **LANDINGS:** Would you like the landings to be **FULLY FITTED** (skirting to skirting) or **TEMPLATED** as a runner to match the stairs? **Customer Selection: Templated**
3. Would you like fixed **WIDTH** or fixed **PERIMETER** installation to the stairs? **Customer Selection: Fixed perimeter. However we need to understand if this is possible on the first half landing because of the diagonal landing wall. Can you confirm the best approach here? (see image 1 below)**
4. If you have selected '**FIXED WITH**' please confirm the **RUNNER WIDTH (A)** required (e.g. 70cm wide)? **Customer Selection: Not Required**
5. If you have selected '**FIXED PERIMETER**' please confirm the width of the exposed wood at the edges **(B)** (e.g. 10cm) **Customer Selection: 10cm**
6. Do you require the runner to have **TAPED** or **WHIPPED** edges? **Customer Selection: Taped please at around 45mm**
7. Do you require stair rods to be fitted, and if so which finish do you require ? **Customer Selection: Not required**

Other questions and things to note from our side:

- Total stairs 44
- Total half landings 3
- We have a wide step at the bottom of the ground floor which we would like to include with a runner. Can you provide some suggestions of different approaches here given the stair is wider than the rest. (Please see image 2 below)
- We have a half landing and 3 stairs from the ground floor to the basement. We **have not** counted these and **will not require** them to be carpeted. (see Image 2 below)
- We have a wide step at the bottom of the lower ground floor/ basement which we would like to include with a runner. Can you provide some suggestions of different approaches here given the stair is wider than the rest. (Please see image 3 below)

Thanks so much for helping - I'll also have a look at the colourways and carpet options and come back to these on a separate thread :)

Good afternoon Robyn & Ed,

As you have expressed a requirement to include a runner as part of the estimate we will provide, please take a few moments to answer the questions below to ensure we quote you accordingly.

Please reply to this email with each '**Customer Selection**' completed with your requirements. Thank you.
