Hi again John.

Answering your email about the runner details in this email:

- Landings and stairs above first run of stairs to be fully fitted
- fixed perimeter installation to first run of stairs
- runner width to allow for 5-6cm gaps to sides
- runner to have taped edges; I have this tape and will supply
- no stair rods required

I hope this helps and look forward to receiving you estimate for this project.

Many thanks and best wishes,
Kay

Manny,
