AQUAGRIP

Aquagrip

Aquagrip is Forbo's unique safety feature – meaning the level of grip is not significantly reduced by spills or splashes of water or any other liquid. Which means a floor for your home that is beautiful, practical and safer to walk on.

DIAMOND SEAL

Diamond Seal

As with a natural diamond, Diamond Seal represents hardness, scratch resistance and durability. It also provides superior protection against spillages and scuff marks. Diamond Seal ensures a natural low gloss and highly realistic design that is a hallmark of the Novilon collections.

Noviclean

A top layer treatment for easy cleaning, Noviclean also helps to prevent dirt and scuff marks. The best natural surface finish.

NOVICLEAN

Forbo Novilon. An innovation in flooring. Novilon represents a collection of beautiful and inspiring floorcoverings designed to complement every type of interior. This richness of design and wealth of choice comes with peace of mind that your flooring is both hard wearing and easy to maintain thanks to features such as Aquagrip, Diamond Seal and Noviclean. Novilon – designed for life.

With a Novilon floor you can choose a beautifully designed, seamless floor, safe in the knowledge that you have a tough, scratch resistant surface. Enjoy it. For Years.

Cleaning and maintenance

All Novilon floors have a strong protective finish and together with Noviclean this makes cleaning and maintenance easy. Dust wiping is a quick and easy way to keep your floor dust-free. This will take care of your day to day care and maintenance when occasionally wiped with a damp mop or cloth. Forbo Monel, the cleaner especially developed for Forbo, is all that is required to take good care of your floor.

Installation

For best results, professional installation is recommended. Before installation, subfloors must be permanently dry, smooth, level, clean and of sound construction. Full installation instructions are detailed in our guide to fitting and maintaining Novilon floor coverings. Novilon can be installed over under floor heating where temperatures do not exceed 70°F.

Allura

The Allura collection from Forbo is a vibrant and versatile range of planks and tiles that can be combined to create diversely different interiors. From traditional and modern woods, to large scale slate and contemporary metallic and textile effects, Allura allows you to take design control and create your own unique and beautiful flooring scheme in any room in the house.

Allura: 63653

Marmoleum: t3125, t2794, t2784

Marmoleum

Smooth, sleek and stylish, a Marmoleum floor combines high performance with practicality. Made predominantly from natural raw materials with beautiful colours that have been inspired by the richness of nature, Marmoleum can be combined with inspiring borders and feature panels, allowing endless creativity. The Marmoleum Click collection is also available for easy home installation.
