Inspirations “for every room” in your home: “the perfect match...”

PROUD OF MY LIVING ROOM.

MY FEEL-GOOD BEDROOM.

10. A decade of being driven by quality and innovation, of striving to develop the perfect laminate flooring that helps you create a feel-good home. Be inspired by the variety of finishes of the Balterio laminate floor to make your home a loving home.

Why
choose
Balterio?

Beautiful designs

Picture this!
If a man's home is his castle, then his interior is definitely the expression of his individuality and character. Balterio laminate flooring has style. Your style.

Style. Quality. Simplicity.

Thanks to innovative ideas, inventive processes and distinctive designs, the choice is yours. From a modern pattern to 'True to nature®' woodgrain interpretation, our floors help you design your personal living space. Our floors give you the sound and touch of solid parquet. That is because we use high quality materials and a lot of craftsmanship to design and produce your new floor.

TOTALLY MY STYLE!

Be inspired and discover what we have to offer. Discover the different styles and finishes that you've always dreamed of.

Why choose Balterio?

Would you like to know
more about the qualities
of our laminate?
www.balterio.com

Quality

Superior value

Buying a Balterio laminate floor is a long-term investment. We offer peace of mind because we believe in combining high quality materials with the best craftsmanship, enabling us to offer a lifetime warranty on some of the qualities.

Harmony

with nature

We care about the environment. That's why all Balterio laminate floors are certified by the Programme for the Endorsement of Forest Certification Schemes (PEFC). One of PEFC's main objectives is to preserve our forests. It ensures that each time a tree is felled, a new one is planted.

Simplicity

Easy installation
& maintenance

Our installation systems make our laminate flooring real easy to install. And with your ease of use in mind, we've minimised the maintenance required. All our floors are scratch, moisture and stain resistant*.

Style

of décors,
finishes and
structures

Different people, different tastes, different styles. Because your home reflects who you are, we offer you a range of décors, finishes and structures.

Years
of high
quality

Balterio laminate flooring offers the best combination of quality and value.

We are proud of the styling and durability of our floors. We control every step in the production process to make sure that it meets the strict production standards implemented in our vertically integrated plant. The result? 10-year to lifetime warranties on our floors, both in residential and commercial use.

more info

Warranty in commercial use

Warranty in residential use

Carefree enjoyment thanks to quality.

A wear-resistant layer for years of carefree living pleasure.

WEAR-RESISTANT

The wear-resistance is guaranteed by the wear resistant surface together with the hard core.

IMPACT-RESISTANT

The high quality HDF core boards can resist sudden impacts from high heels, falling objects and the pressure marks caused by furniture legs.

CIGARETTE PROOF

A fallen burning cigarette that is for a few seconds on your Balterio laminate floor won't leave the slightest trace.

DIMENSIONAL STABILITY

The high quality core boards limit the effect of relative humidity on your Balterio laminate floor, in comparison with solid wood or chipboard. Any small degree of swelling of 1 mm per walking meter is dealt with by means of an expansion joint.

SCRATCH-RESISTANT

Your Balterio laminate floor can easily withstand scratches from office chairs with soft rubber wheels. However, to keep sand from scratching your floor, it is best to use a doormat.

SLIP-RESISTANT

A slippery floor constitutes a danger for you and your housemates. To keep you from falling, our engineers have worked hard to improve slip resistance. Our floors now score 45 % better than the norm*.

MOISTURE-RESISTANT

Balterio produces the HDF core boards itself and applies the highest standards regarding swelling and expansion.

STAIN-RESISTANT

Sauce, spaghetti, jam or coffee stains can ruin a carpet or solid parquet floor. With a Balterio floor, stains need not be a disaster. Even magic markers, lipstick or nail varnish can easily be removed with a drop of acetone on a clean cloth.

*EN 13329

In harmony with nature

WE THINK ABOUT THE FUTURE.

Embrace the future!

Our program of sustainable entrepreneurship is called 'Embrace the Future' and has four strategic axes: production, innovation, certification and community. The objective of 'Embrace the future' is to combine ecological, social and economic interests in a profitable way.

In our production process we try to reduce or avoid waste and where possible, to recycle and re-use it. Moreover, the Balterio laminate floors are PEFC-certified guaranteeing a.o. the preservation of our forests (more info: www.pefc.org).

Innovative techniques and use of quality raw materials lead to a safe installation: Balterio laminate floors contain 10 times less formaldehyde than the required norm.

Balterio laminate floors are perfectly compatible with underfloor heating of the 'water'-type, without you having a higher energy bill in comparison with classic heating systems. For more information contact us or surf to www.balterio.com. Click install & maintenance and select underfloor heating.

Promoting sustainable forest management
www.pefc.org

Learn more about Balterio's programme for sustainable entrepreneurship at www.balteriosustainability.com.

Simplicity

Easy to install
& maintain

ClickXpress®

The revolutionary ClickXpress® system ensures a fast installation.

This rotation system makes it easy to roll the panels together with a sturdy, seamless floor as a result. When moving house or renovating, you can take the laminate out and roll them back together easily. Sturdy, reliable, and 25 % faster installation time.

DropXpress®

With DropXpress®, everything falls perfectly into place.

DropXpress® (DXP) is the new Balterio floor-laying system that raises user-friendliness, ease and speed of installation to new heights. From now on, you can simply lock the laminate boards into place end-on. Thanks to the U-profile, the boards fit seamlessly. With DXP, you can lay a beautiful floor from our new Stretto collection in no time, and it's ready to be walked on straightaway.

PressXpress®

Just press the flooring boards into place with PressXpress®.

Balterio introduces the new and innovative PressXpress® (PXP) fold down system for fitting the short sides of flooring panels. PXP® will be introduced on the new Infinity and Xperience^{plus} collections, as well as on Grandeur. The clip* inside the plank ensures an immediate locking of the short sides resulting in a seamless and strong joint. Now all you have to do is 'press' the flooring boards into place end to end.

** registered design*

Thanks to these revolutionary systems.

Easy to maintain

A light mopping or a cleaning system with moist towels is more than enough to clean your Balterio laminate in a minimum of time and to keep its lovely appearance for years.

Beauty & variety in wood and tiles

INNOVATIVE TECHNIQUES

At Balterio, we constantly develop new decors, surface textures and formats to capture new trends or intensify the feeling of authentic wood, so you can choose the perfect floor for every room in your house.

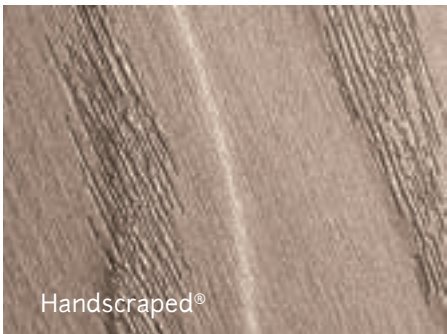

3D WOOD EFFECT

The new 3D Wood Effect emphasizes the natural depth of the wood grains by varying in gloss level from mat to satin and silk.

Innovative techniques

Balterio is a true master in reproducing nature in all its aspects and varieties. The structures are true to life and exceptionally innovative.

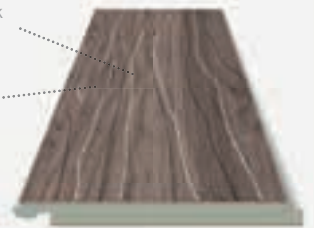

Handscraped®

The handscraped finish gives the planks a real craftsman's look, as if every plank was made by hand.

Handscraped® look

Characteristic floor with a rich appearance

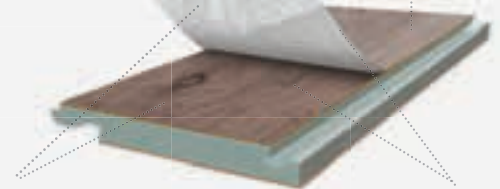

True to nature®

The embossed in register process gives you the feel of a solid wood floor.

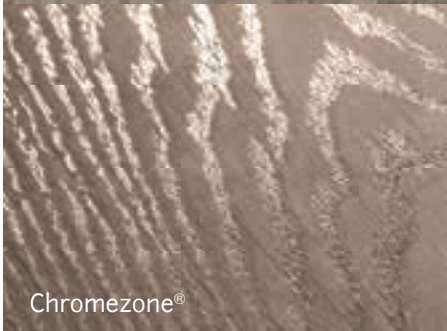

Real wood surface texture

True to nature® look

You can feel and see the knot as in solid wood

Embossed in register décor

Chromezone®

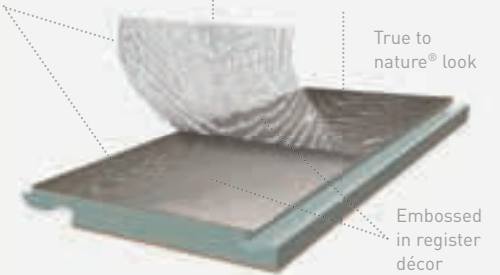

The exclusive Chromezone® technology enhances the True to nature® touch by giving the wood grains a vivid and radiant luster on a mat surface.

Chromezone® technology

Shiny wood grains

True to nature® look

Embossed in register décor

3D Wood Effect

The new 3D Wood Effect emphasizes the natural depth of the wood grains by varying in gloss level from mat to satin and silk.

True-to-nature® look: embossed in register décor

Natural 3D gloss relief of the woodgrains

SOFT TOUCH MAT

Gives the impression of an authentic wood structure and creates a soft mat effect with a pleasant silky touch.

BRUSHED STRUCTURE

Specially brushed to emphasise the raw wood structure even more.

GENUINE WOOD STRUCTURE

The living pattern of a woodgrain surface.

WOODGRAIN STRUCTURE

Brings the effect of a wood-fibre structure even more to the fore.

FINE WOODGRAIN STRUCTURE

Creates the lifelike effect of a wood-fibre structure.

TRUE TILE STRUCTURE

Reproduces the relief of natural stone perfectly.

Natural looking V-grooves

Balterio uses a unique foilband per décor to cover the milled bevelled edge. The décor of the foilband on the edge matches perfectly the décor of the plank which makes the laminate hardly distinguishable from real parquet floors.

micro v-groove[®] 2/4 sided

Balterio created the subtle micro V-groove for a unique wood plank appearance.

Micro V-groove

v-groove[®] 2/4 sided

With the V-groove on the sides of the plank, your floor is hardly distinguishable from solid parquet floors.

V-groove

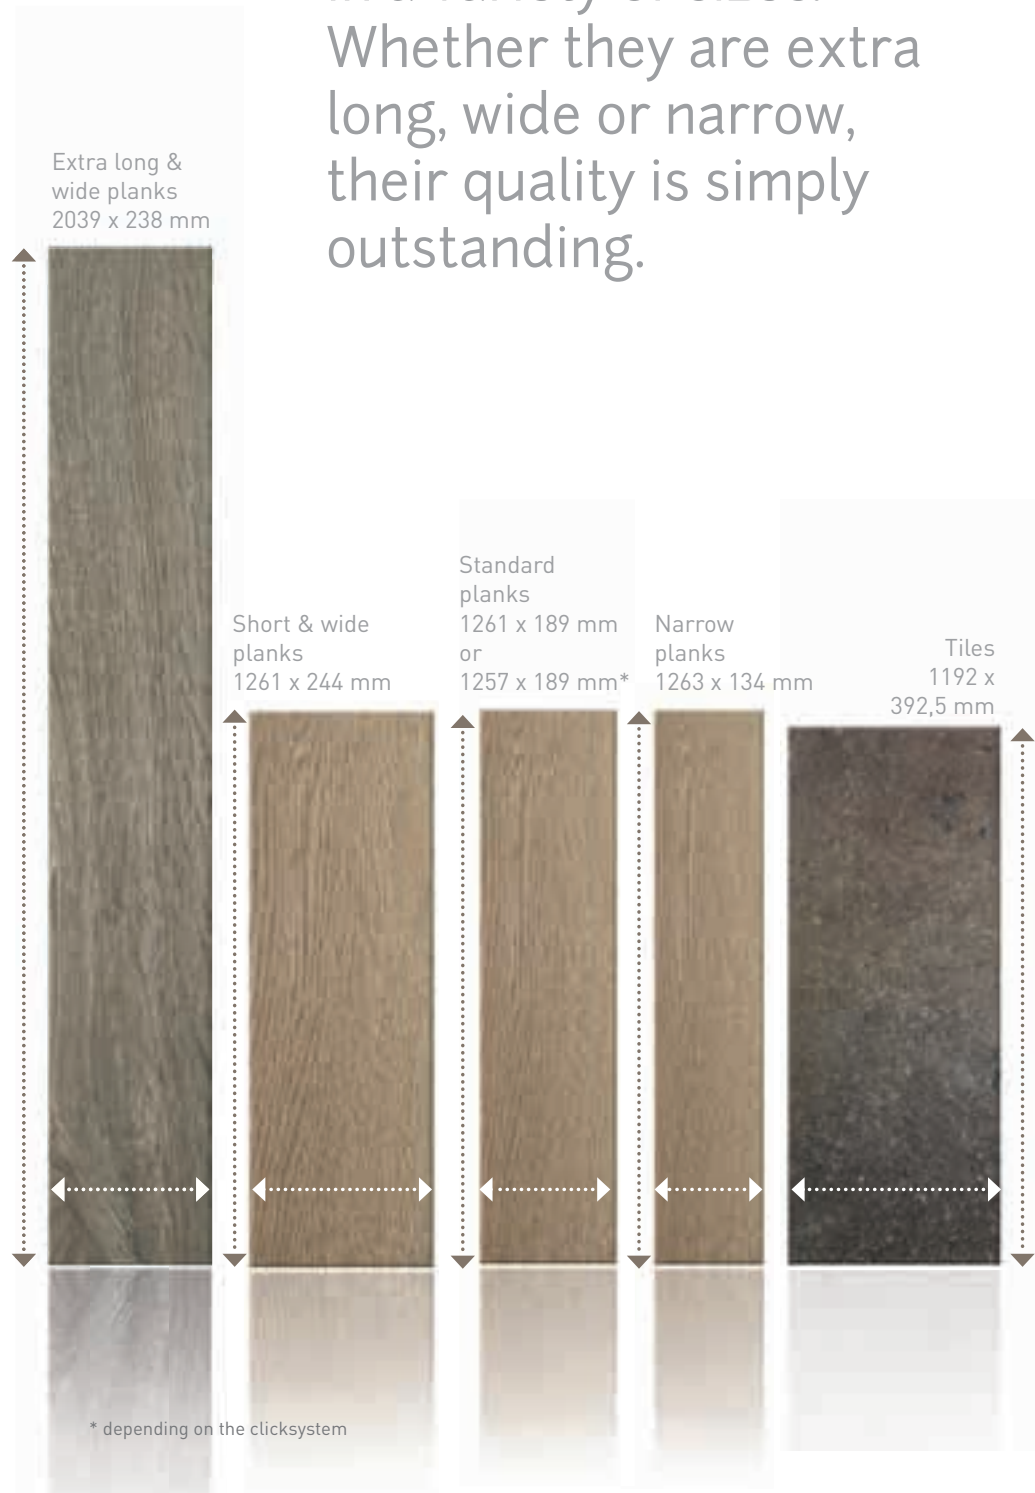

random v-groove[®] 4 sided

Milled to show the irregularities of real wood, the random V-groove has a very natural look.

Random V-groove

Different sizes

The Balterio planks come in a variety of sizes. Whether they are extra long, wide or narrow, their quality is simply outstanding.

TILES

Pure Stone

Different tastes, different styles

Take a look at the world of interiors we've created for you. Be inspired by the different moods. Imagine how your room can bloom.

Personal, inspired and with a taste of adventure

The rich and deep colours
of Grandeur harbour an
unsurpassed warmth.
Your floor will become an
extension of your living space.

MY LIVING SPACE, THIS IS WHERE I WORK
AND LIVE...

Natural beauty

INFINITY - 731 Providence Oak (see p. 62)

A room where every item is essential and every object works, where less is more and the furniture has simple sleek lines. Our collections add warmth and pure design to your space. As a result the space offers everything you need to relax after a hectic day at work.

GRANDEUR - 673 Champagne Oak (see p. 60)

Grand in its simplicity

A living space where minimalism reigns and accents speak for themselves. Straight lines that create space yet invite. The interior reflects your character and is magnificent in its simplicity.

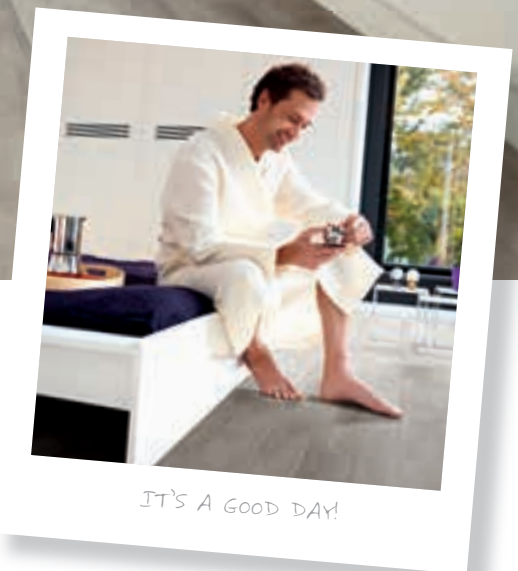

STRETTO - 699 Transit Wood (see p. 76)

Your interior is not really finished until the floor has given the whole an added dimension. The narrow boards of the Stretto collection match natural parquet down to the last detail.

Less is more

A pure stone floor

Pure Stone has a natural look, but radiates greater warmth than real tiles.

Be impressed

Light colours bring a positive attitude and a feeling of serenity into a room

DOLCE - 750 Abbey Oak (see p. 84)

Serenity

Conspicuously inconspicuous, you create openness and serenity with Infinity collection. Your space is refreshed with light and oxygen. You feel totally Zen.

A touch of luxury

Bring an elegant floor into your home that lets you feel at one with nature. Your interior becomes an extension of your garden and your natural surroundings. This is your homecoming.

TRADITION ELEGANT - 661 Cambridge Oak [see p. 70]

and
authenticity

I'll be there in a
minute, please make
yourself at home...

Memories of faraway places create a relaxed style. Personal, inspired and with a taste of adventure. The rich and deep colours of Tradition Elegant and Senator create a 'world' effect taking you back to the adventures past.

Romance your home

Cosy bedrooms or stately halls.
Laminate floors can bring a
warmth and cosiness to every
room. With diverse collections
each room basks in its own
unique atmosphere.

A timeless encounter between black and white

Black and white is modern and classic at the same time. Opening up rooms to include a sense of airiness, the stark contrast creates a stunning décor where refinement and sensuality play the lead.

Combining black and white is always stylish. Especially in lofts and large rooms. Pure Stone emphasises the spatial feeling and introduces an industrial style. Pure and open.

Combining black and white adds style and contrast to your room

GRANDEUR - 592 Renaissance Oak (see p. 60)

First impressions often become lasting impressions. Modern vintage interiors skilfully blend traditional and contemporary elements, creating a living space that acts as a cocoon, a warm space to relax in.

Let your home radiate spirit and character

TRADITION ELEGANT - 690 Vanilla Oak (see p. 70)

Retro with a contemporary twist

Create a contemporary workspace but with a retro twist.

My very own playground

Let kids play in the house to their hearts' content. A sturdy floor that can take a few knocks is essential in any home. Live without worries with Senator.

AUTHENTIC STYLE^{PLUS} - 539 Olive (see p. 82)

A warm and
relaxed
atmosphere

Created with careful attention to
detail, this room radiates the spirit
and character of its occupants.

My
natural
home

An emotional journey

Casual elegance and a feeling of tranquillity is brought to a room by Stretto. Embark on an emotional journey towards the simple country life.

TRADITION ELEGANT - 662 Honey Oak (see p. 70)

Why not combine mysterious dark woods with refreshing light woods?
Escape the ordinary and bring rooms to life with individuality.

MAGNITUDE - 696 Tuscan Oak (see p. 64)

Escape the ordinary

Floors that are faithful to nature are inviting. The lively decors of Impressio put surprising accents into a rural, yet contemporary interior. A subtle mix that exudes character.

IMPRESSIO - 505 Loft White [see p. 78]

Playing with contrasts gives a fresh, clear and unquestionably sophisticated and elegant look to any living space.

Have you found the floor you're looking for?

Put your ideas to the test on www.balterio.com. Our Roomdesigner helps you create your interior. Choose the room, change the furniture and the wall colours, and match with your favourite laminate floor.

The appearance, structure and texture of our collection has been designed and engineered to suit your every desire. 'True to nature®' ensures real wood texture; 'handscraped' gives your floor a more rugged appearance, while 'brushed' emphasises the raw wood structure and a 'woodgrain' or 'fine woodgrain' structure highlights the effect of the wood-fibre structure. Our 'True matching®' technology guarantees that skirtings and profiles have the same colour and decor variation as your floor.

A sturdy look

With its combination of light and dark decors, ranging from Loft White to Aged Castle Oak and Boathouse Pine, Impressio certainly is an attention grabber. The wider than standard planks with brushed look add a casual yet robust look to any room. Joined together with a 2-sided V-groove, they seem to be there for eternity.

Heavy duty

Conference has been designed for use in spaces with a lot of passage and where the floor is heavily taxed. Whether used in an office, bar or restaurant, this floor has a high wear resistance and keeps looking good even after years of intensive use. The planks are antislip and antistatic. Besides, our ClickXpress® system makes the floor easy to install.

True matching[®] accessories

Balterio is a true master in reproducing nature in all its aspects and varieties. This is not only true for the Balterio laminate floors, but also for the matching Balterio skirtings & profiles.

true matching[®]

The colour & print variations in the original Balterio skirtings & profiles are exactly the same as in the Balterio laminate floors and are your only guarantee for a perfectly finished Balterio laminate floor. Furthermore: Balterio accessories have a unique 'lacquer covering overlay' to make them more scratch-resistant.

1/ Parquet skirting

A clean-cut, minimalistic skirting board with a height of 7 cm. Ideally suited to newly built houses as well as renovations.

Use by preference Balterio skirting clips.

2400 x 70 x 14.2 mm

94.49 x 2.76 x 0.56 inch

2/ Wallbase

These high skirtings are ideal for renovation, but can also be applied in newly-built homes.

Use by preference Balterio skirting clips. Also available in white, paintable.

2400 x 83 x 14 mm

94.49 x 3.27 x 0.55 inch

3/ Skirting

With its light and stylish design, this skirting fits in with every interior. Use by preference

Balterio Skirting clips. You can use inner and outer corner caps or end caps.

2400 x 50 x 14 mm

94.49 x 1.96 x 0.55 inch

4/ Quarterround

The quarterround is a beautifully shaped skirting designed to cover wide gaps.

2400 x 19 x 19 mm

94.49 x 0.75 x 0.75 inch

5/ Scotia

Hides the expansion gap between the existing skirting board and the newly-installed floor.
2400 x 19 x 19 mm
94.49 x 0.75 x 0.75 inch

6/ End profile

For a perfect finish between different floor levels and elevated door thresholds, tiles, closets,... Includes PVC strip for a perfect fitting.
400 x 29.2 x 10 mm
94.49 x 1.15 x 0.39 inch

7/ Adapting profile

For connecting your laminate with lower surfaces (carpets, linoleum,...). Includes PVC strip for a perfect fitting.
2400 x 40 x 12 mm
94.49 x 1.57 x 0.47 inch

8/ Connecting profile

Joins the laminate floor with other floor coverings at the same level. Includes PVC strip for a perfect fitting.
2400 x 44 x 11.1 mm
94.49 x 1.73 x 0.43 inch

Expansion blocks

Laminate floor is a living and organic material which is subject to a limited degree of shrinkage and expansion. This is easily addressed by providing an 8 to 10 mm expansion joint on all sides.

Skirting clips

For the fitting of parquet skirting, wallbase and skirtings. Easy and seamless fixing. Cables, wires, can be put invisibly behind your skirtings. Easy removing of the skirtings without damage.

High-quality subfloors

They provide the perfect support for your laminate floor and ensure a longer life.

A subfloor is essential before the laminate is placed. Depending on the subfloor you choose, the floor is equalised, conducts heat and provides noise insulation.

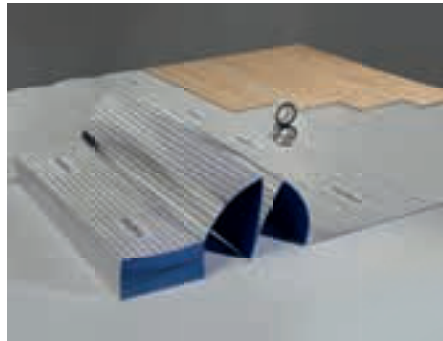

HIGH-QUALITY SUBFLOORS

Balterio has developed a balanced and high quality range of subfloors to ensure you, in combination with proper fitting and maintenance conditions, years of carefree enjoyment of your Balterio laminate flooring. In addition Balterio offers a lifetime (limited to max. 33 years) warranty on the reliability of the connection between the floor panels, provided that they are placed with a Balterio subfloor from this catalog.

CHOICE

Balterio offers a range of 3 subfloors.

ComfortSound BASE

The lightweight subfloor to mute transmission sound.

Thickness: 2,2 mm
Dimensions: 1,2 m x 10 m = 12 m²
Sd-value: > 100 m
Transmission sound: -21 dB
Reflected walking sound: -21 %
Compressive strength: 10,9 T/m²
Heat conduction: R = 0,06 m² K/W

ComfortSound PLUS

The compromise lightweight subfloors to mute both transmission and reflection sound.

Thickness: 2,5 mm
Dimensions: 1 m x 12 m = 12 m²
Sd-value: > 100 m
Transmission sound: -18 dB
Reflected walking sound: -22 %
Compressive strength: 2,5 T/m²
Heat conduction: R = 0,081 m² K/W

ComfortSound PRO

The heavyweight subfloor to mute the reflection sound that is also ideal to go with underfloor heating (and -cooling).

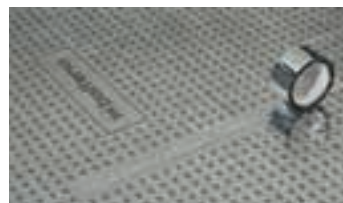

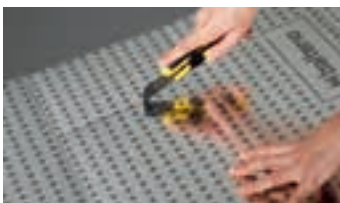

Thickness: 2,6 mm
Dimensions: 1 m x 6 m = 6 m²
Sd-value: > 100 m
Transmission sound: -20 dB
Reflected walking sound: -29 %
Compressive strength: 24 T/m²
Heat conduction: R = 0,01 m² K/W

EASE OF USE

All Balterio subfloors have an integrated dampscreen that offers the best protection against rising damp. Cutting the Balterio subfloor around obstacles is also made easy due to the print.
