Please find attached the revised estimate excluding the uplift and dispose of existing carpets and underlay. As discussed, I have estimated to re use the existing carpet gripper. If they all need replacing there will be an extra charge of £225.

I have allowed 10% commission for you against the materials, inc VAT

The fitting charges amount to £1011, so deduct this from the total and you will get 10% from the balance

We need 50% deposit when ordering and the balance when we fit part 1 of the job

I need the carpet selection soon in order to meet your fitting requirements
