

John & Caroline

Our Wedding Day Friday 12<sup>th</sup> May 2023

Welcome one and all or better put Family re iterate Family

Get everyone to beat their chest saying Family TOGETHER

Before I go on talking of Family it is only right and proper that we remember two very special people today who can't be here namely Pete and Eileen, I would ask you all to be up standing and raise a toast to " Absent Loved Ones "

We are delighted that you can be here today to witness our commitment to each other or should I say My wife and I, we actually as you probably know committed to each other on a trip to Covent garden in ----- , and looking at Caroline may I say how wonderful you look tonight , if you look under your seats the words of you look wonderful tonight our there so lets sing " YOU LOOK WONDERFUL TONIGHT"

After Covent Garden I regularly hoovered and did the washing up and built a new patio the list is endless and I am exhausted thinking about all those chores

Given Caroline's legal back ground we have put pen to paper for the Family let's say it again Family

Having just officially retired we can now get away on more holidays, I would like to say more golf but Caroline regularly beats me and I am hoping that we can see more Wolves football matches together, I would add Hoping is the key word

We are both delighted to see our wonderful grand children fill in names \_\_\_\_\_

When we have them to look after it is so special

Despite my best efforts Charlie will not support Wolves, I will keep trying

The beginning of this year has been a tough one for me and Caroline has been fantastic supporting me on my various appointments and we are now ready to rest more and relax and see more of you all our FAMILY last time everyone beats their chest FAMILY

I would now ask you all to be upstanding to raise a toast to Caroline and add the word John

To Caroline and John
