Dear Keith

Re: Development at Harestone Hill, Caterham.

Further to your letter dated 21st August I have pleasure in submitting our estimate to supply & install carpets at the above development. The carpets supplied to Sutton & Camberley are no longer available so I have quoted for similar carpets for both the flats & the common parts.

I am arranging a set of samples for you to keep and I will get them to you as soon as they arrive with me in the next few days.

The prices I have quoted for the flats are based on separate orders being placed for each flat in individual colours. There are cost savings to be made and if you can place the orders for 2 flats at a time in the same colour then there are additional savings to be made from £55 for the smallest flat to £92 for the largest and an overall saving of £770 if the orders can be coordinated two at a time per colour.

We are currently buying several ranges of clearance carpets from manufacturers and when you get nearer to completion it will be worth us speaking to see what is available on the market at this time as additional savings or a better quality of carpet may be available at that time.

I trust this information is helpful to you for your budgeting purposes but do not hesitate to contact me if I can assist you further with this or any other development.

Yours sincerely

David Guyan
