GENERAL TERMS AND CONDITIONS

- 1) Claims/complaints. All carpets should be inspected prior to installation, we will not accept claims for obvious faults in manufacture once a carpet has been cut and installed.
- 2) Cancellations. Orders cannot be cancelled once a carpet has been cut or despatched, or if a dye shot or trial has been approved and confirmed back.
- 3) Product specification. We operate a policy of continuous improvement, and reserve the right to modify construction and specifications without notice.
- 4) Prices. All orders are accepted subject to the price ruling at the time of despatch unless a prior agreement has been made in writing.
- 5) Size tolerance. We make every effort to manufacture the correct size, however slight variations are sometimes un-avoidable by plus or minus 1.25% this is allowable under BS clause 3 British Standards 3644 1974.
- 6) Colour matching. Whilst every effort is made to match to samples provided these samples should only be used as a guide and not an exact match, we do not guarantee exact matching between mixed widths, unless by special production by prior agreement.
- 7) Cut lengths. Minimum order for 4.00m and 5.00m wide is 2.50 lin meter.
- 8) Payments. The goods remain the property of the seller until paid for in full. We reserve the right to charge interest at the current bank on a daily basis after the due date of our invoice.

ADVICE ON PRODUCT CARE/CARPET FACTS.

Maintenance

Regular vacuuming is recommended to help keep the carpet in good condition and remove dust and dirt.

Cleaning

Professional cleaning recommended, please refer to the factory for more information.

Shading

Over time regular foot traffic will flatten the carpet in regularly used areas, this will cause the carpet to show areas of differential shade in appearance, this phenomenon happens to all carpets with a pile surface and is not accepted as a basis for complaint.

Natural Yarns

In some of our products we use natural yarns, these are made by blending different yarn types, and this can cause irregularity in the appearance of the carpet and are not considered the basis for any claim.

Production

Most of our product is hand tufted and as such small irregularities are present, this would not be considered the basis for claim.

DELIVERY TERMS

Damage, Shortage, or non-delivery-claims to be submitted within 14 days after delivery. Damage must be declared in writing to the carrier at the time of delivery.

Delivery time is not the essence of the contract whilst the seller will make every reasonable endeavour to maintain any stated delivery date it accepts no liability whatsoever for consequential loss resulting from any delay however this may have been caused.
