OPENING TIMES

Sales Office & Showroom
Monday to Friday 8.00am - 5.30pm

Warehouse & Distribution Centre
Monday to Friday 8.00am - 1.00pm & 2.00pm - 6.00pm

(Open for collections during lunchtime if goods are pre-ordered and 'cut')

WELCOME TO OUR 'SUMMER SPECIAL' PRICE GUIDE!

Whilst the weather may be damp and gloomy, nothing will dampen the spirit of the Rackhams team. With no less than 15 new range launches underway, our marketing team is working flat out on sample books, stands and other merchandise designs to help you secure substantial and profitable orders during these challenging times.

Independent and free thinking, we have a definite synergy with our customers, all independent retailers themselves, so we look forward to wowing you with our products and service levels through the Summer and on into the Autumn.

CREDIT/DEBIT CARD PAYMENT

We can accept payment by most credit and debit cards i.e. **Visa**, **Mastercard**, **Delta** and **Maestro**. We do not accept American Express or Diners cards. However, it should be noted that due to the high cost of processing **credit card** payments we are unable to offer settlement discount against current invoices and account balances. Overdue accounts paid by **credit card** will incur an additional charge of 2.5%.

STARMAN MICHAEL YOUNGER

Early in the Spring of 2013 Michael Younger joined the Rackhams team and took command of our key 'home' patch that is North, East & West London. A fully experienced member of the flooring trade, Michael is well known and respected on his new patch having worked it previously for one of the giants of the industry. Not only have the areas sales figures shot up since he joined us, he brings us valuable ideas and knowledge, along with some great new customers who are enjoying the 'independent' feel of dealing with Rackhams.

Contrary to rumour Michael didn't just join Rackhams in order to attend the Rackhams fishing day! However it is fair to say he is pretty focused on it! He is also very focused on his customers needs; so if you need to speak to Michael on any matter, call him day or night on **07881 502506**.

Michael Younger

TASTE SUCCESS WITH RACKHAMS

It's the mug that everyone is talking about!

April saw the launch of the latest incarnation of the Rackhams Mug. As you would expect, better than the norm, and better than the rest, the 'Taste of Success' mug should be finding its way into the hands of all our regular customers in the coming weeks. Pictured is Rackhams Chief Designer, Graham Painter of design consultancy **Painter Ink**, sampling a cup of finest Earl

Grey tea! Graham is the spiritual father of Ralph the Ram, and designer of our famous quarterly price guides and even more famous pattern book covers (the noted 'Grand Slam' 'Strawberries' cover can be seen at Tate Modern). Have you had your mug yet? Are you spending enough? Call your Area Manager to find out!

SITUATION VACANT!!

An exciting opportunity has arisen to join the Rackhams sales team battling with the opposition on our western flank. **Call Antony on 07881 502505 or Grahame on 07970 876395 NOW for further details.**

Area: Bedfordshire, Buckinghamshire, Berkshire, Hertfordshire, Surrey (West of A24) & South West London.

TEAM MEMBER PROFILE: JACKIE WYMENT

AKA: 'THE WELCOMING FACE OF RACKHAMS'
'GEMMA' – 'TOWIE GIRL'

AGE: At Rackhams we never ask a lady her age! However by a process of deduction I deduce that Jackie most likely can enter a pop quiz for eighties music, as unbelievable as that may seem to those who have met her!

INTERESTS: Aside from Carpets and Flooring of course, Jackie spends her time socialising and looking after her son Charlie. Now given that the editor can still remember living at home and having his Y fronts freshly ironed every day, when Charlie is mentioned, jealousy becomes a strong emotion. This lad has the life of Riley! Home cooked food every day, a comfortable home, and Jackie fussing round him, what could be better! In her limited free time Jackie can be found eating out in some of Essex's more salubrious restaurants, mixing with the cast of TOWIE and pursuing her love of fine wines!

STRENGTHS: With endless vitality & enthusiasm, and always immaculately turned out, Jackie is first in to the Rackhams' nerve centre every morning and, once all is prepared, she is ready to welcome our many customers who prefer to collect their goods. Her flashing smile and warm welcome means that we have now had to implement a queuing system that those who have visited Alton Towers or Disneyworld will be familiar with! Winding round the car park in an endless string of red ropes the customers patiently wait their turn! In all seriousness, Jackie has quickly integrated into the Rackhams way and from a cold start her knowledge of our customers, our products and our industry has grown at a remarkable rate.

WEAKNESSES: None! Well obviously one's strengths can be one's weaknesses and it's fair to say Ian Chappell did wince at the costs of installing the aforementioned queuing system. It's very rare that Jackie is ever wrong, a trait she strangely shares with the other glamorous young ladies in the Rackhams sales office team, funny that!

Given that Jackie left the Secret Service to come and work at Rackhams, it tells you where the real action is to be found. The hallowed corridors of Whitehall simply do not compare with the mean streets of Highams Park! As Jackie approaches her first anniversary at Rackhams it's fair to say that she is fully integrated into the team, and equipped to help our customers in any situation. You can raise Jackie, who will always raise a smile on **020 8498 2843**.

THE CLASS OF 2013

THE GURU SPEAKS...

More wise words from 'The Guru's' regular column. Information on current affairs and business tips from his many years of experience in life, love, carpets and commerce.

It's my favourite time of year again! You may think I'm a total socialite and you may be right, but with the Rackhams Golf Day looming on the 18 July and the Rackhams fishing day close behind, what could be better! With crowds of well wishers around me at both events, all wanting a piece of the Guru, and all those lively questions from the audience, my morale, my spirit and best of all my ego, are fully restored and re-energised once this period has passed!

With so many new products about to be launched, I've been told not too many words, so for further inspiration I'm going to have to refer you to my learned readings in our next issue!

Watch this space in the next issue for The Guru's latest words of wisdom.

NEW VINYL STANDS COMING SOON

Call your area sales manager at your earliest convenience to reserve yours!

New carpet ranges coming into stock shortly

Twist Pile Carpets – Synthetic

STARTWIST COLLECTION – THE BIG ONE!

Consistently in our top five for fifteen years, outselling its competitors, the STARTWIST COLLECTION remains popular and reliable. Now it's back with fantastic new colours and three pile weights. The new 50oz quality handles superbly and costs little more than the old 40oz. The most exciting product launch for years?!

DALTON

It's the bargain of the summer! A bleach cleanable PP Twist pile, high quality, superb shades and at less than £2.00yd²! You may not think it's possible but there is one catch, it's a roll only line! Full rolls in stock, in all colours, standing by in our warehouse for immediate despatch!

ECHO TWIST

From the same stable as the amazingly popular Atmosphere, this new range continues the trend of high value, bleach cleanable carpet that dominates the market place currently. A plainer finish than Atmosphere but still offering a super sharp price and an immaculate finish.

STAINFREE RUGGED TWIST

A supremely rugged bit of carpet, suitable for the most challenging of installations. With all the 'Stainfree' properties and piece of mind warranties that one would expect, this is an immaculately finished carpet at an amazing price. Pattern books already in the market place, ensure you have yours close to hand!

PORTMAN

Lano Quality, Lano Style! Now back with vastly improved colours, a heavier backing and a better price. As is the way with the flooring industry, things just keep getting cheaper and better! Flooring consumers are just so lucky!

Loop Pile Carpets

SCORPIO 2013

Another old-stager freshened up and revamped, the all new Scorpio offers an improved and up-to-date range of colours, the same durable construction and even an improved price! We must be crazy!

Saxony Carpets

GRAND SLAM

Putting all other speckled saxony to shame, this thick chunk of carpet has already launched and is flying out of the door! There is absolutely no doubt that this carpet has caught the eye of the buying public. Whilst not totally exclusive to Rackhams, our sampling is the biggest, the best, and the most sought after. Call yours in now!

PEERLESS/SUPER PEERLESS

This range offers beautiful soft feel pile, a choice of two pile weights, superb earthen shades and an unbelievable price! The set of prototype samples in Rackhams head office have caused a stir with our customers for weeks on end, and the dreams those samples have provoked are about to become reality! Just like Silken Saxony, this is going to be big!

SILKEN SAXONY

Soft feel saxony have stormed the market in 2013, and this range is one of the finest. A substantial and chunky saxony, which is not unusual, but the range of colours offered is. Strong shades of lilac, blue and green complement the usual earthtones. Value for money, durability and a chic look, it's quite something. Samples arriving for the 1st of June! Going to be big!

Multi-purpose Carpets

MARATHON

Hand crafted, and offering a superb price advantage over any other Heavy Contract cut pile carpet, this smart contract or domestic broadloom is available with impervious gel backing for the healthcare and leisure markets, and with tough action back for commercial and domestic locations. The small design is not intrusive, but offers excellent soil hiding capabilities.

PEGASUS

Our budget loop pile offering has long been dominated by the popular Scorpio product, but recently our customers have been asking for more choice. We give you Pegasus! Inexpensive, robust, multi-use. This is the daily seller we all need, produced to a high standard, with excellent colours. Value personified!

Natural Effect Carpets – A Natural Phenomenon!

NEW SAHARA

Natural effect carpets have become such an established part of the UK flooring market that we rely on their sales such as we do our range of twist piles. Our 'naturals' are a raging success and New Sahara is set to continue that trend. Much like Lavenham, New Sahara offers contemporary shades, a choice of widths, two striking designs and all at a great price!

THE 'LIGHT & SHADE' NATURAL COLLECTION

'San Salvador' was our most successful natural effect range, but 'all good things must come to an end' with that classic range being announced as discontinued in this issue. We have striven to improve on what once appeared unbeatable and are pleased to present the new masterpiece to take its place. The collection of 100% Wool Scotchguarded naturals that replaces it takes the form of a Supertight Level Loop, a Robust Structure and a Stunning Stripe, in five exceptional colours. San Salvador was a Winner for all, and Light and Shade prepares to build on that success. You won't have long to wait for samples!

LONG MELFORD

Continuing our 'Suffolk Naturals' theme, we supplement the range with this excellent tight loop pile, in a range of superb shades. 100% 2ply wool for comfort and luxury, and a super tight loop pile construction for durability and performance. Priced to make some of the 'big brands' look extremely expensive, this offers rustic style at modern prices!

New vinyl ranges hitting the streets soon!

Throughout all the trials of tribulations that the carpet industry has to challenge it, one thing remains constant and strong... Vinyl Sales! With that in mind and with recent changes to the independent sector to be considered, we have decided to issue a new collection of vinyls supported by a stylish stand!

'MAMBO No1!'

With the emphasis on design, and quality, this heavyweight vinyl has some truly stunning designs on a heavy build of 2.80mm thickness.

'BLACKJACK XL'

It's all about 'the chunk!'. A superthick vinyl at 3.80mm, with a great selection of designs, and a price to blow the competition out of the water!

'STARLIGHT'

A plain vinyl, heavy grade, with a 3-2 contract rating and a metallic sparkle to create a lasting impression in any location, be it commercial or domestic.

06 BALL & YOUNG UNDERLAYS / ADHESIVES

Ask your Area Manager or the Sales Office for details of underlay promotions.

Fashion has dictated that vinyls are becoming thicker and generally softer at this time and, with that in mind, we would now advise that all installations in excess of 12m² should be fully adhered to the subfloor. With these softer vinyls, bubbling and stretching can be an issue; this will eradicate any chance of problems.

RALPH'S TOP TIP!

Specials... it's special!

With a team totally dedicated to managing this busy part of our business, our non-stock and manufacturers specials business continues to go from strength to strength. In the modern world with end users sourcing product ideas and prices directly from the internet and from interior and lifestyle magazines, it is vital that you can supply any product to meet their needs. This is where we come in. All our sales staff are knowledgeable and fully versed in the products, technical specifications and delivery schedules of pretty much every manufacturer that markets their products in the UK. We can obtain samples, technical specifications and lead times in double quick time. We are totally focused on this part of the marketplace, try our service out, we know you will be impressed.

12 CARPET RANGES

We now offer competitive full roll & half roll rates on all our carpet ranges – just ask your Area Manager or the Sales Office for more details.

PH'S TOP TIP!

With my booming voice and supreme confidence built on years of experience, you know when I'm coming through the door! I'll be bringing **Echo Twist** to you in the coming weeks and with my patter echoing in your ears, you won't fail to be astounded! In a veritable sea of bleach cleanable carpet, this is the one that counts! Anyway, my tip is, **'There's always a solution, just ask me first! Never stop calling!!'**

RALPH'S TOP TIP!

Remember me?! Having been shunted completely to the sidelines in the last two issues, I know when my days are numbered. I've been the most respected member of the sales team for five years, so it's tough knowing that your future may well not be as a bastion of industry but as a star on some dinner plate somewhere! If I leave it will be with fond memories of my **Grand Slam** of achievements at Rackhams though! The modernisation of the boring price guide, a fresh new marketing approach, the bright colours, the eye catching...

Regrets, I've had a few
But then again, too few to mention
I did what I had to do and saw it through without exemption
I planned each charted course, each careful step along the byway
And more, much more than this, **I did it my way...**

MICHAEL 'THE YOUNGER'S TOP TIP!

As the junior glam rock star in this team of ancients I'm determined to make some changes! The first thing I've done is to refresh the best selling Natural Collection of all time. **The Light and Shade Natural Collection** offers the very best bits of 'San Salvador', but modernised and refreshed with 5 structures, 5 level loops, 5 stunning stripes, all perfectly colour co-ordinated and matching! Anyway my tip is **'When you are completely surrounded by experience and maturity, take no notice of anything they say!'**

TQ'S TOP TIP!

As I command the Rackhams sales office I see many carpets and flooring products passing my desk and, cheesy as it may be, few made me stop and stare like the new Peerless collection! This carpet has everything... Colour, style, quality, luxury and an incredible resistance to the passing years. In fact it's much like myself, so my tip to **Peerless** and **Super Peerless**, indeed my tip for everyone is, **'If you've got it, flaunt it!'**

THE STIG'S TOP TIP!

In my considered opinion (and I consider everything!) the most exciting range launch I have had to manage is just around the corner. Whilst that young git 'Younger' with his Glam Rock hairdo gets all the front cover exposure, I'm the one flying around living life like a remake of 'Bullit' generating all the sales! With **Startwist** coming in three weights, a new yarn and all new colours, all that tyre smoking and wear on the car will be worthwhile. Anyway my tip is... **'Always make the first move, as you never know when the opportunity may pass, and it may be your last!'**

Redefining Space for Education

with carpet tiles from Interface®

Range of Colours

Carpet tiles create a warm and soft atmosphere and the **range of colours** allow you to define areas of study and play to inspire learning.

Noise Reduction

Carpeted areas reduce noise and offer a calmer environment for students and staff alike.

Installation

Quick, easy and simple installation creates little disruption to daily routines.

TacTiles™

Interface's unique glue free installation system

- TacTiles are more sustainable
- With TacTiles there's no need for liquid adhesives, so fitting tiles is quick, clean and easy and the process virtually eliminates emissions
- There is no damage to sub floors, and nothing to stop you lifting or moving the carpet whenever you want
- Quick to install and no drying time
- Once laid they are easy to lift and replace.

If you would like more information regarding TacTiles please contact your representative or go to www.interface.com

26 CONTRACT CARPET RANGES

Ask your Area Manager or the Sales Office for Special Project Prices on Contract Carpets.

Delivery times always relate to 'working' days

1. GENERAL

The following conditions are in priority to and override any other terms and conditions inconsistent herewith express implied, statutory or otherwise, except any incapable of being excluded by statute in force at the time of delivery.

Acceptance of your order is conditional upon your acceptance of the following conditions and shall be binding unless varied by agreement in writing.

2. PAYMENT TERMS

Payment is due on the 20th of the month following date of invoice and is subject to 2.5% cash discount, for account holders only, on the net value of the goods (exclusive of VAT).

If a cheque has to be 'Re-presented' at the bank or is 'Referred to Drawer' a fee of £25.00 will be charged upon each re-presentation. When a subsequent payment is made to clear an RD cheque, settlement discount taken on the original remittance will only be allowed if payment is finally cleared within terms.

In line with Late Payment of Commercial Debts Regulations 2002, we will exercise our right to claim interest and compensation for debt recovery costs. We also reserve the right to charge for all legal costs incurred to recover any outstanding debts.

3. SET OFF

A customer shall not be entitled to withhold payment of any amount payable under this contract to the seller because of a dispute claim of any nature, nor shall the customer be entitled to set off against any amount payable under the contract to the seller any monies which are not then presently payable by the seller or for which the seller disputes liability.

4. RESERVATION OF TITLE

The risk in goods shall pass to the buyer upon delivery but notwithstanding this the property in goods shall remain in the seller until the whole of the sale price has been received by the seller. If such payment is overdue in whole or part the seller may (without prejudice to any other rights which the seller might have) recover or resell the goods or any of them or any part of them or any other goods on the buyer's premises to an equivalent value and may enter on the buyer's premises for that purpose.

5. INSPECTION OF GOODS

Every care is taken to ensure that orders are executed in accordance with customers' requirements. However, any material supplied faulty or of incorrect size, quality or colour, due to the Company's error will be returnable for full credit, provided the material has not been cut and/or installed.

6. MATCHING

Owing to the method of manufacture it is not possible to achieve a pattern match on the selvedge of print, tufted or wilton qualities. Requests for colour match must be specifically stated on the order, otherwise no claim can be considered. It should be noted that shade variations do occur on the different rolls of the same colour and pattern qualities.

7. SHADING

Cut pile carpets, especially plain colours, may show 'shading' or light or dark patches due to unequal pressure on the pile. It is not a manufacturing fault and we cannot accept responsibility for such shading.

8. TUFTED CARPETING

We recommend that carpets, if not fitted, should have the edges whipped.

All carpets are liable to shrinkage if laid on any sub-floor which has a moisture content in excess of 3%, or if subject to excessive wetting when cleaning, or central heating.

It is recommended that paper felt is laid between the carpet and floor on all foam backed installations. Complaints of this nature will not be entertained unless the material has been properly fitted, using the correct carpet gripper product.

9. CARPET TILES

All tiles should be checked for same batch numbers before laying as no responsibility can be accepted once the tiles have been laid. It is advisable to allow carpet tiles to acclimatise in the room to be fitted for approximately 48 hours prior to laying.

10. CANCELLATION CHARGES

Unfortunately instances sometimes occur when an order has to be cancelled. If we are able to prevent the cutting of such an order no cutting charges will be made. However, where orders have been cut or have left our premises to be delivered we will operate the following scales.

Each cut length of 4.00 linear metres (13ft) or under – cancellation not accepted.

Each cut length of 4.00 linear metres and over – 20% handling charge.

Cancellations on carpet tiles will only be accepted where we still have remaining tiles from the same batch in stock and if so only on the following conditions:

> Carpet tiles which have not left our premises – no handling charge.

> Carpet tiles which have left our premises (either collected or delivered) – 20% handling charge.

> Cancellations on Special Orders are governed by each individual manufacturer.

> Check with Sales Office whether manufacturer will allow goods to be cancelled and, if so, what the handling charge would be.

> Orders held by us because of account problems will also be subject to the above charges if subsequent cancellation results.

The Company will not accept the return of any goods unless each return has received prior approval from the Sales Office.

11. CLAIMS

Non-Delivery – immediate notification to be made to us and the carriers in writing if goods not received within TEN days of invoice. Claims will not be entertained after this period. No claim for shortages can be accepted after goods have been cut.

12. DAMAGED GOODS

Damage must be notified within three days. Claims will not be entertained after this period.

13. TRADE PRICES

Prices shown are subject to alteration without advance warning and all goods will be charged at prices ruling at date of despatch. Details of prices will be given upon request, until such time as we are able to issue another price list.

14. VAT

The trade prices as quoted are subject to the current rate of Value Added Tax.

15. DIRECT DELIVERIES/SITE DELIVERIES

All goods for delivery to an address other than that of your Company will be subject to a standard delivery charge of £25.00 + VAT. If outside our normal delivery sphere or working hours the price will be quoted upon application.

16. PRODUCT COMPLAINTS ETC.

(A) Floorcoverings must be inspected before cutting to close fit a room. Claims for manufacturing faults cannot be accepted after a floorcovering has been cut and laid.

(B) No complaint can be entertained (including shrinkage) which arises from improper or inadequate installation.

(C) The Company cannot accept liability for the cost of uplifting or refitting, unless specifically authorised by the manufacturer.

(D) A floorcovering cannot be considered for complaint if laid on an area for which it is not suitable, (e.g. a General Domestic quality laid in a Heavy Domestic situation).

(E) Soiling is not a manufacturer's fault and cannot be accepted as such.

(F) Fashion has dictated that vinyls are becoming thicker and generally softer at this time and with that in mind we would now advise that all installations in excess of 10m² should be fully adhered to the subfloor. With these softer vinyls, bubbling and stretching can be an issue; this will eradicate any chance of any problems.

17. SPECIAL ORDERS/CARRIAGE CHARGE

Any carriage charge made by the manufacturers in respect of a special order which does not constitute a carriage paid quality, will be passed on at cost. These conditions shall be read and construed according to English Law.

18. FULL ROLL ORDERS

Any discounted full roll order requested in the form of cut lengths, will be subject to a cutting charge of £5 per cut to cover handling and packing material costs. If any roll balance following these cuts is not acceptable to the customer, we will assume the order is to be reverted to a standard price, cut length order.

E. & O.E.
