Join us on our LVT journey as we team up with Earthwerks® 'Flooring Inspired By Nature' as their leading stockist and distributor for London and the Home Counties.

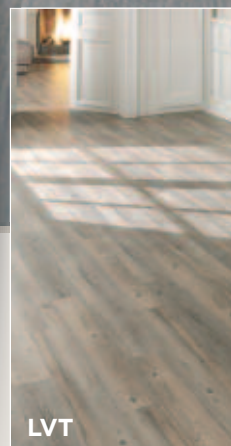

With two products in stock, we offer 'Tempo Classic', a dry back, high grade product with a choice of wood and tile designs. Complementing this for the discerning consumer we have 'Tempo Clic', a commercial grade 'Clic' product using the market leading 'Uniclic®' system.

With our in-depth stock and next day delivery service we will be ideally placed to meet all your immediate LVT requirements. Earthwerks 'no internet' trading policy ensures protection and peace of mind when presenting our products to your customers.

Alongside our stock portfolio, we also have rapid access to 'Jupiter' a loose lay product and 'Tempo' a commercial grade LVT with perhaps the widest board available currently at 9 inches width (230mm).

We at Rackhams have chosen EarthWerks® due to their experience, marketing over 26 collections of LVT flooring solutions to partners in more than 45 countries. Their 75-year old American parent company has over three decades of successful worldwide LVT experience.

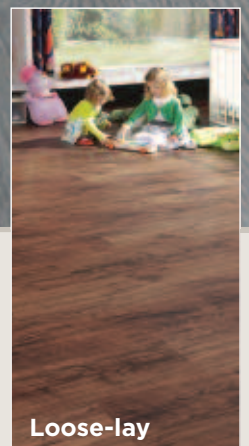

Contact Rackhams head office or your Area Manager to enjoy the Earthwerks® experience 'Flooring Inspired by Nature'. See page 9 for full details.

## CREDIT/DEBIT CARD PAYMENT

We can accept payment by most credit and debit cards i.e. **Visa, Mastercard, Delta and Maestro**. We do not accept American Express or Diners cards. However, it should be noted that due to the high cost of processing **credit card** payments we are unable to offer settlement discount against current invoices and account balances. Overdue accounts paid by **credit card** will incur an additional charge of 2.5%.

## CONTACT US

# THE GURU SPEAKS...

More wise words from 'The Guru's' regular column. Information on current affairs and business tips from his many years of experience in life, love, carpets and commerce.

## Dateline – Manor of Groves, High Wych – July 18 – 2013

The morning of Thursday, 4th August, dawned bright and blue. At 08:00 the keen golfers were already assembling. Soon a throng of players clad in white shorts and Argyll check stood munching their bacon rolls in anticipation. The morning Texas Scramble over 9 holes was soon underway; always a good natured and relaxed fun event to warm up the players. After the traditional golfers' lunch of ham, egg & chips, they steeled themselves for the main event; the 18 hole Stableford competition.

Sixty players were assembled and they headed out into the afternoon sun to do battle. On the track they were also competing in a team event, as well as two 'nearest the pin' shots, a longest drive and a 'beat the pro' competition. Some of our golfers succeeded in this last quest, but it was a very small number indeed!

The sub-plot taking place alongside this was the annual Rackhams 'Bike Ride'. A small, select group headed out through Much Hadham, Kettle Green, Dane End, Haultwick, and Ardeley. Progress was interrupted by old friend of Rackhams, John Constable's bike falling to bits. When it became clear he was a lost cause, John was left to survive alone in the lanes like some modern day Captain Oates, while the group pressed on. The riders

briefly stopped for refreshments at Westmill Tea Rooms where support rider, Clive Richardson, made short work of the worlds largest cream tea!

With time ticking on and the golfers approaching the 18th hole, the riders blasted over the last couple of climbs in the searing heat to witness the sun-scorched golfers rolling back into the clubhouse in High Wych.

By now it's evening and the 'main event' begins. The golfers are all in and numbers have swelled to over eighty with the arrival of the evening guests. Anticipation is high as to whether Elvis will once more be 'in the building'?! Given the tropical weather, the BBQ hit the spot and, whilst Elvis didn't make an appearance, IDC could not resist rolling out a few of his one liners!

The prize presentation followed with the winners picking up their spoils; Cornel Alexander-Reynolds taking the main prize and getting his name engraved on the rackhams trophy!

As the day drew to a close and the hardcore headed to the bar for the overnight drinking session, the generosity of the guests shone through with over £2300 being raised for the nominated charity, Isabel Hospice.

The seventeenth edition of the Rackhams golf day had reached it's conclusion and IDC had perhaps pulled off the finest yet..... roll on 2014!

Watch this space in the next issue for The Guru's latest words of wisdom.

## RACKHAMS CARP CLASSIC 2013

### Dateline – Colemans Cottage Fishery – August 29 – 2013

Weather set fine and sunny for the day and, after a hearty breakfast at the Colemans Lakeside Restaurant, the anglers made their way to their chosen pegs eagerly awaiting the sound of the hooter. 10am arrives, MATCH ON!, fish are coming out all around the lake in seconds. The action continues throughout the day, IDC is getting very excited steadily catching – to coin a phrase 'one a bung'.

Tension builds throughout the day with the defending champion getting amongst the fish, his nets swelling. 4pm arrives and it seems like only minutes have passed from the starting hooter. Time for the weigh in. Many bags over the ton were had.

Our thanks to all our much valued customers who participated. We do need your support to continue with this event, so keep the orders coming.

In the meantime, remember... KEEP SELLING and TIGHT LINES!! **The Guru.**

### Final Results (total weight):

1st – Richard Richman 120lb

2nd – Graham Perry 100lb 8oz

3rd – Robert Houldings 93lb 8oz

# THE WINTER COLLECTION

## ★ ★ 2013 ★ ★

**3 NEW VINYL RANGES BEING ROLLED OUT RIGHT NOW!**

### New hardcore ranges hitting the streets soon!

#### Luxury Vinyl Tile (LVT)

##### TEMPO CLIC

This is a high grade commercial 'click' LVT using the most reliable and respected Uniclic® linking system. A substantial 0.50mm wear layer leads to the product being underwritten for 25 years in a domestic location and 10 years in any commercial location. The striking texture and grain of the planks make this a truly remarkable looking product and fitted in any location it will combine the convenience of a clic LVT with the style and appearance of the finest dry back systems.

##### TEMPO CLASSIC

Our entry level LVT range offers incomparable value and incomparable style! Dry-back for total versatility and security and priced for total success. The texture and finish is superb, as is the final look. The wear layer (0.20mm) gains this a 10 year domestic and a 5 year commercial rating and respective warranties.

## New carpet ranges coming into stock shortly

### The Peerless Collection

#### PEERLESS TWIST/SUPER PEERLESS TWIST

And there's more! Not only are we introducing a heather variant of Peerless, but we also have a tight twisted variant. The same luxurious initial soft feel, but constructed in a practical bleach-cleanable shorter pile style, for those that want the 'soft feel' but without the long pile.

#### PEERLESS HEATHERS/SUPER PEERLESS HEATHERS

Following immediately in the footsteps of the uber successful Standard Peerless range we hit the ground running with its sister product, a Heather variant. The same fantastic soft feel, the same up to the minute colours and the same high value pricepoint. The only difference is its subtle heather tone. Peerless (and Super Peerless) has been our most eagerly awaited and fastest growing product launched for many years.

#### PEERLESS/SUPER PEERLESS

Already in the market place and taking sales on all fronts, the finest 'soft feel' saxony currently available and the carpet everyone is talking about!

### Twist Pile Carpets – Synthetic

#### PEMBRIDGE 2013

Whilst we are all enjoying the current saxony boom, it's still polypropylene twist piles of all grades that are the biggest volume sellers. Plains, heathers, felt back, action back, thick, thin, heavy, light, they all sell! Having been at the forefront of this field with Startwist and Startwist Supreme for over 20 years, LANO are past masters at making these products. Their mid-weight offering, Pembridge, returns for the autumn of 2013. Simplified with action back only and a super new colour bank, this proven seller for many years is re-enforced by this latest makeover and seems set to move way up the sales charts as we head into the autumn.

#### ECHO TWIST

From the same stable as the amazingly popular Atmosphere, this new range continues the trend of high value, bleach cleanable carpet that dominates the market place currently. A plainer finish than Atmosphere but still offering a super sharp price and an immaculate finish.

### Engineered and Solid Woods

In addition to our established laminate, and our new LVT stock collection, we are now also able to offer as part of our 'specials' service a range of wood floors. Engineered Clic, tongue & groove, and traditional solid wood all available in double quick time and at the very best prices.

### Saxony Carpets

#### EMBRACE

Embrace is a beautiful saxony in the modern style that is soft, luxurious, colourful and, of course, bleach-cleanable! There are loads of saxonies out there and only a few can stand up for themselves as truly exceptional carpets. This is definitely one of those! Books and all samples with our sales force mid-October... stand by!

### Natural Effect Carpets – A Natural Phenomenon!

#### THE 'LIGHT & SHADE' NATURAL COLLECTION

'San Salvador' was our most successful natural effect range ever but, as they say, 'all good things must come to an end' and so it was, with that classic range being announced as discontinued in this issue. We have striven to improve on what once appeared unbeatable and are pleased to present the new masterpiece that takes its place. The collection of 100% Wool Scotchguarded naturals that replaces it takes the form of a Supertight Level Loop, a Robust Structure and a Stunning Stripe, all presented in five exceptional colours. San Salvador was a Winner for all, and Light and Shade prepares to build on that success. You won't have long to wait for samples!

#### VOGUE

With a construction based on one of our all time classics 'Ivory Coast' but with a sensational block stripe, this range offers both value and high style. A choice of backings adds total versatility to the package and the cutting edge design makes this carpet sit alongside products costing perhaps five times as much. It's hot! Check it out!

#### MOODS

Quite unique in bleach-cleanable twistex pp fibre, this exciting plain & stripe composite range offers a level of finish and style usually found only in 'niche' products costing upwards of £50 per square metre. Beautifully colour coded between the plains and the stripes and immaculately finished, this is one of those carpets that almost seems 'too good to be true'. Bizarrely in this instance, it's completely true!

### Contract products coming into stock shortly

#### CAPITAL CITY

A superbly priced Carpet Tile suitable for any domestic or commercial installation. UK produced in robust and bleach-cleanable polypropylene and with some great practical colours, this tile offers stunning value for money. Beautiful A4 cards will ensure you can make the sale every time!

#### CANTERBURY GEL

Tough, perhaps indestructible carpet for any location. Modelled on its big brother, 'Bedford Gel', but priced for value and with a slightly thinner rib, this is set for immediate success. The tough gel backing is as versatile as ever and the colours are simple, yet spot on. 'Hi Spec Contract Carpet for the masses' says it all really!

#### MARATHON

Hand crafted, and offering a superb price advantage over any other Heavy Contract cut pile carpet, this smart contract or domestic broadloom is available with impervious gel backing for the healthcare and leisure markets, with tough action back for commercial and domestic locations. The small design is not intrusive, but offers excellent soil hiding capabilities. The carpet of the future, priced for today!

## 06 BALL & YOUNG UNDERLAYS

Ask your Area Manager or the Sales Office for details of underlay promotions.

### CLOUD 9 – THE MARKET LEADER IN POLYMER UNDERLAYS

	THICKNESS	10+ ROLLS (£)	6+ ROLLS (£)	1+ ROLLS (£)

<b>COSI</b>	10mm	-	<b>28.49</b>	-	<b>31.99</b>

All Economy underlays are in a standard size 15 SQM roll (11.00x1.37) unless specified.

Mix and match your qualities (except COSI-STEP!) to achieve multiple roll rates, it's no problem!

### CLASSIC RUBBER UNDERLAYS

	BAG WEIGHT	10+ ROLLS (£)	6+ ROLLS (£)	1+ ROLLS (£)
<b>ROMA</b> (for underfloor heating) 10m <sup>2</sup> rolls	68lb	<b>34.99</b>	<b>36.99</b>	<b>38.99</b>

All Rubber underlays are in a standard size 15 SQM roll (11.00x1.37) unless specified.

Mix and match your qualities (except COSI-STEP!) to achieve multiple roll rates, it's no problem!

#### RALPH'S TOP TIP!

There was a time when our underlay sold in massive bulk due to quality alone, but an intensely competitive market place has now made price of possibly equal importance. Whilst we cannot avoid getting involved in price 'discussions', being perhaps the South's biggest distributor of Ball & Young underlay means we can offer you the very best prices at all times. As we only stock and sell Ball & Young underlay, we are able to offer a quality assurance on every roll of underlay we sell. From **Cosi-Step Budget PU** to the ultimate underlay, **Super Contract 10mm**, you can be assured that whilst the specification and handle may be very different, the highest quality of manufacture, finish and performance can be guaranteed.

Accessory orders under £100 will incur a £15 delivery charge, if not delivered with any other product.

**METAL EDGINGS - NEW RANGE OF ROBERTS EDGINGS!**

Please note all metals are now metric.

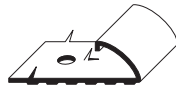

0.9m per box = 45 Items / 2.7m per tube = 15 Items.

**5% discount for 5+ boxes/tubes; 10% discount for 10+ boxes/tubes (can be mixed of course!).**

### RALPH'S TOP TIP!

'The Sixth Sick Sheiks Sixth Sheeps Sick' is recognised as the worlds toughest tongue twister and I'm shocked to see the boys at Rackhams embracing some of the worlds toughest floorcoverings with their new LVT range from **Earthwerks®**. I'm a traditionalist! It's wool or nothing! I'm quaking in my hooves! Help!

Call our solid floor specialist **Aaron Smith** on 020 8498 2841 for full details.

<b>£19.95</b> Per roll							

Fashion has dictated that vinyls are becoming thicker and generally softer at this time and, with that in mind, we would now advise that all installations in excess of 12m<sup>2</sup> should be fully adhered to the subfloor. With these softer vinyls, bubbling and stretching can be an issue; this will eradicate any chance of problems.

We deal with virtually every carpet manufacturer in existence and can offer a fast and efficient service on all specials – contact **Debi Hales** (the queen of specials) on 020 8498 2842 or, in her absence, **Kim Ryan** on 020 8498 2847.

**RALPH'S TOP TIP!**  
**Specials... it's special!**  
 With a team totally dedicated to managing this busy part of our business, our non-stock and manufacturers specials business continues to go from strength to strength. In the modern world with end users sourcing product ideas and prices directly from the internet and from interior and lifestyle magazines, it is vital that you can supply any product to meet their needs. This is where we come in. All our sales staff are knowledgeable and fully versed in the products, technical specifications and delivery schedules of pretty much every manufacturer that markets their products in the UK. We can obtain samples, technical specifications and lead times in double quick time. We are totally focused on this part of the marketplace, try our service out, we know you will be impressed.

## 12 CARPET RANGES

We now offer competitive full roll & half roll rates on all our carpet ranges – just ask your Area Manager or the Sales Office for more details.

**RALPH'S TOP TIP!**

Way back in 1980, Martha & the Muffins sang about 'Echo Beach', a hoof-tapping tune of the time. Over thirty years later the girls at Rackhams are tapping out a beat on their keyboards as they enter orders for 'Echo Twist'! Whilst the song only made it to number 10 in the UK Chart, the carpet is already in the top five of the Rackhams Sales Chart! Check it out. It's a beautiful carpet at a beautiful price and it's not even made of wool... not that I'm bitter or anything!

### RALPH'S TOP TIP!

The Rackhams gang are getting good at striping you lot up! First they stripe you up with Clyde and now they top that by energising one of the most boringly successful products out there... **Gala + Stripes!** Have you seen this?! It's functional, it's tough, but it's never been exciting, until now! Where's the exciting wool ranges? I've got a living to make!

## RALPH'S TOP TIP!

Back in 490BC poor Pheidippides ran 150 miles without stopping from the battle of Marathon to Athens to announce the Greeks had defeated the Persians, then sadly collapsed and died. Whilst the Rackhams new contract range of the same name is exciting, we DO NOT want the same reaction to this product! Even I have to admit **Marathon's** general appeal, but whether I'd trot 150 miles for it is debatable! After all. It's not made of wool! Am I going on?!

**RALPH'S TOP TIP!**

'Being such as to have no match; incomparable'. You've guessed it, it's the definition of **'Peerless'** and you've also guessed that it's made of high quality bleach-cleanable Polypropylene and, yes, it's as soft to touch as a 'Sheeps Fleece'. Just great! It's over for me!!

### RALPH'S TOP TIP!

'Vogue' is of course the prevailing fashion and, as I sit here writing this, the prevailing south westerly wind is whipping up to 85 mph for the storm of the century. But I digress... again! As the prevailing fashion is striped carpet, stand by to be striped up once again! Having said that, this is striking! And it's not made of wool! What am I saying?!

# Redefining Space for Education

with carpet tiles from Interface®

## Range of Colours

Carpet tiles create a warm and soft atmosphere and the **range of colours** allow you to define areas of study and play to inspire learning.

## Noise Reduction

Carpeted areas reduce noise and offer a calmer environment for students and staff alike.

## Installation

Quick, easy and simple installation creates little disruption to daily routines.

## TacTiles™

Interface's unique glue free installation system

- TacTiles are more sustainable
- With TacTiles there's no need for liquid adhesives, so fitting tiles is quick, clean and easy and the process virtually eliminates emissions
- There is no damage to sub floors, and nothing to stop you lifting or moving the carpet whenever you want
- Quick to install and no drying time
- Once laid they are easy to lift and replace.

If you would like more information regarding TacTiles please contact your representative or go to [www.interface.com](http://www.interface.com)

▲ Price increase since last list ▼ Price decrease since last list

Delivery times always relate to 'working' days

## 1. GENERAL

The following conditions are in priority to and override any other terms and conditions inconsistent herewith express implied, statutory or otherwise, except any incapable of being excluded by statute in force at the time of delivery.

Acceptance of your order is conditional upon your acceptance of the following conditions and shall be binding unless varied by agreement in writing.

## 2. PAYMENT TERMS

Payment is due on the 20th of the month following date of invoice and is subject to 2.5% cash discount, for account holders only, on the net value of the goods (exclusive of VAT).

If a cheque has to be 'Re-presented' at the bank or is 'Referred to Drawer' a fee of £25.00 will be charged upon each re-presentation. When a subsequent payment is made to clear an RD cheque, settlement discount taken on the original remittance will only be allowed if payment is finally cleared within terms.

In line with Late Payment of Commercial Debts Regulations 2002, we will exercise our right to claim interest and compensation for debt recovery costs. We also reserve the right to charge for all legal costs incurred to recover any outstanding debts.

## 3. SET OFF

A customer shall not be entitled to withhold payment of any amount payable under this contract to the seller because of a dispute claim of any nature, nor shall the customer be entitled to set off against any amount payable under the contract to the seller any monies which are not then presently payable by the seller or for which the seller disputes liability.

## 4. RESERVATION OF TITLE

The risk in goods shall pass to the buyer upon delivery but notwithstanding this the property in goods shall remain in the seller until the whole of the sale price has been received by the seller. If such payment is overdue in whole or part the seller may (without prejudice to any other rights which the seller might have) recover or resell the goods or any of them or any part of them or any other goods on the buyer's premises to an equivalent value and may enter on the buyer's premises for that purpose.

## 5. INSPECTION OF GOODS

Every care is taken to ensure that orders are executed in accordance with customers' requirements. However, any material supplied faulty or of incorrect size, quality or colour, due to the Company's error will be returnable for full credit, provided the material has not been cut and/or installed.

## 6. MATCHING

Owing to the method of manufacture it is not possible to achieve a pattern match on the selvedge of print, tufted or wilton qualities. Requests for colour match must be specifically stated on the order, otherwise no claim can be considered. It should be noted that shade variations do occur on the different rolls of the same colour and pattern qualities.

## 7. SHADING

Cut pile carpets, especially plain colours, may show 'shading' or light or dark patches due to unequal pressure on the pile. It is not a manufacturing fault and we cannot accept responsibility for such shading.

## 8. TUFTED CARPETING

We recommend that carpets, if not fitted, should have the edges whipped.

All carpets are liable to shrinkage if laid on any sub-floor which has a moisture content in excess of 3%, or if subject to excessive wetting when cleaning, or central heating.

It is recommended that paper felt is laid between the carpet and floor on all foam backed installations. Complaints of this nature will not be entertained unless the material has been properly fitted, using the correct carpet gripper product.

## 9. CARPET TILES

All tiles should be checked for same batch numbers before laying as no responsibility can be accepted once the tiles have been laid. It is advisable to allow carpet tiles to acclimatise in the room to be fitted for approximately 48 hours prior to laying.

## 10. CANCELLATION CHARGES

Unfortunately instances sometimes occur when an order has to be cancelled. If we are able to prevent the cutting of such an order no cutting charges will be made. However, where orders have been cut or have left our premises to be delivered we will operate the following scales.

Each cut length of 4.00 linear metres (13ft) or under – cancellation not accepted.

Each cut length of 4.00 linear metres and over – 20% handling charge.

Cancellations on carpet tiles will only be accepted where we still have remaining tiles from the same batch in stock and if so only on the following conditions:

- > Carpet tiles which have not left our premises – no handling charge.
- > Carpet tiles which have left our premises (either collected or delivered) – 20% handling charge.
- > Cancellations on Special Orders are governed by each individual manufacturer.
- > Check with Sales Office whether manufacturer will allow goods to be cancelled and, if so, what the handling charge would be.
- > Orders held by us because of account problems will also be subject to the above charges if subsequent cancellation results.

**The Company will not accept the return of any goods unless each return has received prior approval from the Sales Office.**

## 11. CLAIMS

Non-Delivery – immediate notification to be made to us and the carriers in writing if goods not received within TEN days of invoice. Claims will not be entertained after this period. No claim for shortages can be accepted after goods have been cut.

## 12. DAMAGED GOODS

Damage must be notified within three days. Claims will not be entertained after this period.

## 13. TRADE PRICES

Prices shown are subject to alteration without advance warning and all goods will be charged at prices ruling at date of despatch. Details of prices will be given upon request, until such time as we are able to issue another price list.

## 14. VAT

The trade prices as quoted are subject to the current rate of Value Added Tax.

## 15. DIRECT DELIVERIES/SITE DELIVERIES

All goods for delivery to an address other than that of your Company will be subject to a standard delivery charge of £25.00 + VAT. If outside our normal delivery sphere or working hours the price will be quoted upon application.

## 16. PRODUCT COMPLAINTS ETC.

- (A) Floorcoverings must be inspected before cutting to close fit a room. Claims for manufacturing faults cannot be accepted after a floorcovering has been cut and laid.
- (B) No complaint can be entertained (including shrinkage) which arises from improper or inadequate installation.
- (C) The Company cannot accept liability for the cost of uplifting or refitting, unless specifically authorised by the manufacturer.
- (D) A floorcovering cannot be considered for complaint if laid on an area for which it is not suitable, (e.g. a General Domestic quality laid in a Heavy Domestic situation).
- (E) Soiling is not a manufacturer's fault and cannot be accepted as such.
- (F) Fashion has dictated that vinyls are becoming thicker and generally softer at this time and with that in mind we would now advise that all installations in excess of 10m<sup>2</sup> should be fully adhered to the subfloor. With these softer vinyls, bubbling and stretching can be an issue; this will eradicate any chance of any problems.

## 17. SPECIAL ORDERS/CARRIAGE CHARGE

Any carriage charge made by the manufacturers in respect of a special order which does not constitute a carriage paid quality, will be passed on at cost. These conditions shall be read and construed according to English Law.

## 18. FULL ROLL ORDERS

Any discounted full roll order requested in the form of cut lengths, will be subject to a cutting charge of £5 per cut to cover handling and packing material costs. If any roll balance following these cuts is not acceptable to the customer, we will assume the order is to be reverted to a standard price, cut length order.
