 Sheet: _____ of _____

Karen

I would suggest an angle trim machined to height required and fitted as shown.

After fitting the bottom of the insert would need to be screeded so the thickness of the metal under the carpet is not visible.

Dimensions

(A) = Height of Wood / Marble Tiles 2/3mm to allow bed of adhesive

(B) = NOT SPECIFIC BUT MINIMUM 15mm for STRENGTH

(C) = 2-3mm Depending on Materials used.

Job No: R16637
Name: Halebourne
Address: Morningside
 Haven Drive
 Kingswood.

WATER DAMAGED AREAS

Annexe Bed
Existing Carpet

re-fit

Existing Carpet

There is damage to One of the Master bedroom dressing areas. (long narrow area). Also damage to R/Hand piece of Top Landing. Please measure + Cut replacement Carpet from this piece but avoid water damage @ windows.
