

We have a new product – *Easyshim* carpet shims - fixing your height differences.

*Easyshims* are for use when installing carpet next to hardwood, ceramic tile, stone and marble floors. They form a 8"/200mm ramp to give a flush transition. Available with side shims, should the carpet shim protrude into the hallway.

Choosing the right shim... Subtract 12mm from the height of the hard floor (standard carpet thickness including gripper)... for thin carpet use thicker shims and for thick carpet use thinner shims.

Fixing Easyshims... fix using ring shank nails, or glue when there is under floor heating or concrete. Leave a 1/4"/6mm gap between the gripper and the hard surface... for thin carpet decrease the gap and for thick carpet increase the gap... Install the gripper on top of the Easyshim. Install underlay and carpet, tucking the carpet into the 1/4"/6mm gap. Rub the pins down with a hammer to prevent the pins from poking through. Heights up to 33mm can be achieved by using in conjunction with a Z-bar.

Use Side Shims where the Easyshim protrudes into a hall way.

Sizes and prices.... Each shim is 36"/91cm wide with an 8"/200mm ramp.

<u>1/4"/6mm (nominal) Easyshim</u> <u>(for 18mm hard floor)</u>	<u>3/8"/9mm (nominal) Easyshim</u> <u>(for 21mm hard floor)</u>	<u>1/2"/12mm (nominal) Easyshim</u> <u>(for 24mm hard floor)</u>
1 pack (10 shims): £2.98 per shim	1 pack (10 shims): £3.23 per shim	1 pack (10 shims): £3.73 per shim
5 packs (50 shims): £1.98 per shim	5 packs (50 shims): £2.23 per shim	5 packs (50 shims): £2.73 per shim
10 packs (100 shims): £1.78 per shim	10 packs (100 shims): £2.00 per shim	10 packs (100 shims): £2.45 per shim
1 pack Side shims (20 shims): £1.35 per shim	1 pack Side shims (20 shims): £1.47 per shim	1 pack Side shims (20 shims): £1.72 per shim

5 and 10 Pack prices can be in any combination of shims -  
e.g. 1 pack of 6mm, 1 pack of 9mm, 1 pack of 12mm and 2 packs of Side Shims  
or e.g. 5 packs of 9mm

Kind regards,

*John Raine*
