

S33346 Osmond

1). When entering front lounge, alongside immediate right-hand wall before folding doors – this area requires a restretch

Carpet installed over old gas pipe, please pull back and cut around the gas pipe as it's creating a big bulge (ignore box in image – used to show angle created by pipe under carpet)

While pulling back carpet to cut around gas pip, can you pull this back and see if the un-evenness can be improved? I have advised to customer that I do not think it can, and that blue skirting is making issue stand out more
