Please Note

**Door trimming** – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

**Floor conditions** – As discussed on site, the floors are not in a great condition and there is a slope on the floor. Nothing can be done about the slope and I would recommend after all the floorboards are securely fixed, that the floors are overlaid with a 6mm plywood.

The main flight of stairs that have been built up to level out the slope, we will cover them as they are but the void behind the riser is a worry as if this is kicked it may cause the sisal to come loose.

Payment terms

50% Deposit with order & balance payment due 48 hours before 1<sup>st</sup> day of installation (Or 1 month after order placed if the fitting is delayed at customer's request).
