Please Note

Under Floor Heating – If you have underfloor heating, please make this known to us straight away as this will have an impact on the type of underlay required. These situations must be made known to us to avoid any additional costs due to delayed fittings.

Door trimming – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

Floor condition – Can the builders ensure they screw down any loose floorboards and level any uneven floor areas and relay the areas of missing hardboard.

Kitchen – If we lay the LayRed flooring before the kitchen is installed, the builders must not fix through the floor into the floor below. LayRed is a floating floor and can expand and contract slightly. For this reason we leave a small gap around the perimeters, the kitchen units will cover most of these and if new skirting boards are fitted after our installation, this will cover the other areas.

Payment terms

50% Deposit with order & balance payment due 48 hours before 1st day of installation (Or 1 month after order placed if the fitting is delayed at customer's request).
