Please Note

**Floor condition** – The floors are generally uneven and it would be worth considering laying a hardboard or plywood to improve the floor.

**Door trimming** – It is often necessary to have doors trimmed prior to new carpets being installed. Depending on the carpet selected and if you decide to lay hardboard or plywood you may need to trim the doors. Our fitters do not trim doors; however we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

**Kitchen and bathroom** – If the builders can take up the cork tiles and rubber stud tiles in the kitchen and bathroom before the areas are decorated and leave us with bare floorboards.

Payment terms

50% Deposit with order & balance payment due 48 hours before 1<sup>st</sup> day of installation (Or 1 month after order placed if the fitting is delayed at customer's request).
