Please Note

Door trimming – It will be necessary to have the through lounge door and the master bathroom door trimmed prior to new carpets being installed. Our fitters do not trim doors; however, we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

Skirting Boards – There are larger gaps than the carpet will cover under the skirting boards in the first floor rear room. These need to be filled.

Floor – the ground floor rear landing has damaged sections. These need repairing or it could be worth laying a 6mm plywood over this landing and the rear room, as these are the only areas currently not laid with plywood.

Joins – If using the New England range there will need to be a join in the ground floor through lounge.
