Quotation F29830

Dear Nick

Further to our site survey and inspection , the existing sisal floorcovering is damaged beyond repair due to flood water , there are numerous water marks and stains in several places , none of which would be successfully removed by a professional carpet cleaner , replacement is the only option .

Please note that the existing carpet needs to be replaced , currently the same carpet is fitted throughout without a natural break

Should you have any queries please do not hesitate to call us on the above number or call into the showroom where we will be happy to discuss any aspect of the works with you .

Yours sincerely

Mr Carpet, Fulham.

Payment terms

50% Deposit with order & balance payment due 48 hours before 1<sup>st</sup> day of installation (Or 1 month after order placed if the fitting is delayed at customer's request).

**Please Note:-**

Many of the carpet ranges available in the UK are either manufactured in the EU or made with raw materials sourced in the EU. While this estimates is valid until the end of the current month in the event that we are advised of any price increases due to government levies being applied then we will have to pass these on and therefore this estimate will need to be revised accordingly.
