### Stair Runners

Further to the information provided by you, the estimate has been based on the following. **Please review carefully and advise of any changes prior to ordering.**

Runners to: All Stairs

Landings: Fully Fitted

Runner Style: Fixed Width

If Fixed Width: 60cm

Edging: Taped

Stair Rods: Fitting own

\*Taped edges will typically show approx. 55mm on the surface each side, but will be specified in the estimate above. Please advise if you require a different width visible.

### Please Note

**Door trimming** – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however, we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

**Runners** – If you are having your stairs freshly painted in preparation for the runner, please bear in mind (with the quite forceful method required to install a runner) there is the potential for hairline cracks in the paint, or in the worst case scenario (if your stair case structure is weak) cracks and splits in the stair case themselves. This is not something Mr Carpet (London) Ltd can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

Order subject to terms & conditions printed overleaf.
