Stair Runners

Further to the information provided by you, the estimate has been based on the following. **Please review carefully and advise of any changes prior to ordering.**

Runners to: First Flight only	Landings: Fully Fitted
Runner Style: Fixed Width	If Fixed Width: 60cm
If Fixed Perimeter: N/A	Edging: Taped*
Stair Rods: To be decided	Stair Rods: To be decided

*Taped edges will typically show approx. 55mm on the surface each side, but will be specified in the estimate above. Please advise if you require a different width visible.

Please Note

Door trimming – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however, we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

Furniture Moving – It is the responsibility of the customer to clear all personal effects, breakables, movable items of furniture, computer and home entertainment equipment from the areas to be carpeted prior to our fitter's arrival.

Runners – If you are having your stairs freshly painted in preparation for the runner, please bear in mind (with the quite forceful method required to install a runner) there is the potential for hairline cracks in the paint, or in the worst case scenario (if your stair case structure is weak) cracks and splits in the stair case themselves. This is not something Mr Carpet (London) Ltd can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

Skirting Boards – Through the process of fitting a new carpet, a necessary level of force is required to ensure the carpet itself is securely fixed between the gripperod & skirting board. Please note that if a skirting board is not properly attached to the wall this may result in it pushing in at the base & coming away from the wall at the top. This is not a consequence of poor installation from our fitter therefore this is not something Mr Carpet (London) Ltd can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

Floorboards – Any unevenness in floorboards will show through to the pile of a fitted carpet after installation, carpet & underlay are soft materials will shape out to whatever they are laid on top of. Please ensure that floorboards are levelled prior to our visit, in some cases it may be necessary to have hardboard or plywood laid over the floorboards to negate this issue.

Office – As we discussed on site, I would recommend purchasing a plastic keyhole office chair mat for the castor wheeled chair in the office. This will protect the new carpet from the rolling action of the chair which will eventually damage the pile.

Order subject to terms & conditions printed overleaf.
