### Stair Runners

Further to the information provided by you, the estimate has been based on the following. **Please review carefully and advise of any changes prior to ordering.**

Runners to: First Flight only	Landings: Fully Fitted
Runner Style: Fixed Width	If Fixed Width: 55cm
If Fixed Perimeter: N/A	Edging: Taped*

\*Taped edges will typically show approx. 55mm on the surface each side, but will be specified in the estimate above. Please advise if you require a different width visible.

### Please Note

**Door trimming** – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however, we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

**Runners** – If you are having your stairs freshly painted in preparation for the runner, please bear in mind (with the quite forceful method required to install a runner) there is the potential for hairline cracks in the paint, or in the worst case scenario (if your stair case structure is weak) cracks and splits in the stair case themselves. This is not something Mr Carpet (London) Ltd can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

**Skirting Boards** – Through the process of fitting a new carpet, a necessary level of force is required to ensure the carpet itself is securely fixed between the gripperod & skirting board. Please note that if a skirting board is not properly attached to the wall this may result in it pushing in at the base & coming away from the wall at the top. This is not a consequence of poor installation from our fitter therefore this is not something Mr Carpet (London) Ltd can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

**Floorboards** – Any unevenness in floorboards will show through to the pile of a fitted carpet after installation, carpet & underlay are soft materials will shape out to whatever they are laid on top of. Please ensure that floorboards are levelled prior to our visit, in some cases it may be necessary to have hardboard or plywood laid over the floorboards to negate this issue.

**Painted/Wallpapered Walls** – Mr Carpet (London) Ltd cannot be held responsible for any remedial works for scuffs/damage from transporting materials into and around the home. Quite often, large pieces of carpet areh required to be moved up narrow hallways and staircases which make it impossible to guarantee the carpet will not come into contact with a wall at least once, same can be said regarding unrolling carpets out inside a room, as carpets need to be bigger than the space they will be installed to so contact is also highly possible.

Order subject to terms & conditions printed overleaf.
