Please Note

**Door trimming** – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; therefore please ensure that your contractor trims the doors to allow for the carpet & underlay thickness prior to the installation (samples of the carpet & underlay can be provided upon request)

**Lead times** – Due to the knock on effect of the Coronavirus pandemic we are experiencing longer than average lead times from some of our suppliers, therefore if you would like to proceed, please confirm your order as soon as possible as it is currently our busiest time of year in the lead up to Christmas & most suppliers close down over Christmas & do not re-open until the first week in January

**Price increases** - Many of the carpet ranges available in the UK are either made in the EU or made with raw materials sourced in the EU. While this estimate is valid until the end of the month in the event that we are advised of any price increases prior to acceptance due to government levies being applied then we will have to pass these on and therefore this estimate will need to be revised accordingly.
