Scotia beading – The scotia beading that is currently installed at the base of the bottom step would need to be removed by customer to facilitate carpet installation and would need to be re-installed afterwards by customer or the appropriate tradesman – (The carpet fitter would not undertake this part of the installation)
Door trimming – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; so, this work would need to be undertaken by a private contractor beforehand

Furniture Moving – It is the responsibility of the customer to clear all personal effects, breakables, movable items of furniture, computer and home entertainment equipment from the areas to be carpeted prior to our fitter's arrival.

Payment terms

50% Deposit payable with order & balance due 48 hours before 1st day of installation (or 1 month after order placed if the fitting is delayed at customer's request).
