**Door trimming** – It is sometimes necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; therefore, please arrange for this work to be undertaken by your own tradesman prior to any installation dates if required (approx. clearance height for carpet & underlay is 25mm)

**Furniture Moving** – It is the responsibility of the customer to clear all personal effects, breakables, movable items of furniture, computer and home entertainment equipment from the areas to be carpeted prior to our fitter's arrival.

**Existing timber floors & scotia beading** – To achieve the best possible finish, we strongly recommend removing the existing timber floors & scotia beading fitted around the perimeter. **Please note:** Uplift & dispose of the existing wood floor is NOT included in our quotation as we understand this will be done by others beforehand. Also, any remedial / re-decorating works to the skirtings should also be undertaken prior to carpet installation
