## Stair Runners

Further to the information provided by you, the estimate has been based on the following. **Please review carefully and advise of any changes prior to ordering.**

Runners to: First Flight only

Landings: Fully Fitted

Runner Style: Fixed Perimeter

If Fixed Perimeter: 60cm

Edging: Taped\*

Stair Rods: N/A

Stair Rods: Solid Brass / Faux Brass / Solid Silver / Faux Silver / Other \_\_\_\_\_

\*Taped edges will typically show approx. 55mm on the surface each side, but will be specified in the estimate above. Please advise if you require a different width visible.

## Assumptions / Specific Notes (Please read prior to ordering)

1. We have not allowed for underfloor heating at your property (ref required underlay) unless specifically mentioned in the estimate. If you have underfloor heating in any areas, please advise us immediately so we can revise the estimate. There may be a delay / additional costs if we are not made aware prior to the day of fitting.
2. Any unforeseen issues that become apparent once the existing flooring has been uplifted will need to be costed in addition to this estimate.

## IMPORTANT INFORMATION – please read!

We appreciate no one enjoys reading through paragraphs of technical jargon, but the following few paragraphs are worth a read through to either answer any questions you might have, or help you know which questions you'd think are worth raising to us

**Deposit & Balance** – A 50% deposit payment is required to schedule a fitting date & for goods to be ordered in. The balance payment is due 2 working week days (Monday-Friday) before the 1<sup>st</sup> day of installation. If there is a delay in obtaining the balance & fitting cannot go ahead as scheduled, a loss of earnings charge may be due for the installation team. More information in Terms and Conditions on final page.

**Refunds** – Due to bespoke materials being ordered, once an order has been placed, it is impossible to obtain a full refund. Please ensure before order placement that all information on the quotation is correct and you are satisfied to proceed.

**Door trimming** – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however, we are able to provide all required flooring height specification of your selected materials to ensure proper clearance.

**Furniture Moving** – It is the responsibility of the customer to clear all personal effects, breakables, movable items of furniture, computer and home entertainment equipment from the areas to be carpeted prior to our fitter's arrival.

**Pile Direction** – The quotation is quantified as economically as possible. If the chosen carpet has a distinct pile direction, please get in touch to discuss if you have any specific requirements the pile direction is ran.

**Runners** – If you are having your stairs freshly painted in preparation for the runner, please bear in mind (with the quite forceful method required to install a runner) there is the potential for hairline cracks in the paint, or in the worst case scenario (if your stair case structure is weak) cracks and splits in the stair case themselves. This is not something Mr Carpet can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

**Skirting Boards** – Through the process of fitting a new carpet, a necessary level of force is required to ensure the carpet itself is securely fixed between the gripperod & skirting board. Please note that if a skirting board is not properly attached to the wall this may result in it pushing in at the base & coming away from the wall at the top. This is not a consequence of poor installation from our fitter therefore this is not something Mr Carpet can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

**Floorboards** – Any unevenness in floorboards will show through to the pile of a fitted carpet after installation as carpet & underlay are soft materials, and will shape out to whatever they are laid on top of. Please ensure that floorboards are levelled prior to our visit, in some cases it may be necessary to have hardboard or plywood laid over the floorboards to negate this issue. This is also a service we can provide at an additional cost.

**Painted/Wallpapered Walls** – Mr Carpet cannot be held responsible for any remedial works for scuffs/damage from transporting materials into and around the home. Quite often, large pieces of carpet are required to be moved up narrow hallways and staircases which make it impossible to guarantee the carpet will not come into contact with a wall at least once, same can be said regarding unrolling carpets out inside a room, as carpets need to be bigger than the space they will be installed to so contact is also highly possible.

Order subject to terms & conditions printed overleaf.
