Important notes for customers attention

- Furniture – Our fitters will assist if required with moving large items of furniture within a room provided all small items that can be removed are taken from the rooms before our arrival to site.
- The doors to the under stairs cupboard & downstairs WC need to be removed so we can fit the carpet into these areas in one piece without a seam or door bar.
- The gap in the lounge at the patio doors needs to be screeded level with the wood floor before our arrival. We will replace the gripper fixings at this door placing them closer to the new doors.
- No allowance for cutting doors is included in the above estimate and our fitters do not cut doors if they do not clear the new carpets.
- A seam is required in the back of the under stairs cupboard as discussed on site.
