#### Please Note

**Door trimming** – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however we are able to recommend a private Joins

**Uplift** – Due to the existing moth infestation the uplifted carpet & underlay can not be loaded on to the fitter's van to dispose of as this presents a high risk of cross contamination. If you speak to the pest controller, Asa, he can cost for taking up and disposal of the existing carpet.

**Joins** – There will be a join needed in the loft room for both carpet options. There will also be a join needed on the first floor landing if using the New England option.

**Floor condition** – As discussed on site, the floors are uneven and ideally should be overlaid with a hardboard or plywood. We can lay directly onto the existing floor, but the unevenness may show through the new carpet.

#### Payment terms

50% Deposit with order & balance payment due 48 hours before 1<sup>st</sup> day of installation (Or 1 month after order placed if the fitting is delayed at customer's request).
