

In question of the date I stated the 28th May as I thought it was before midnight, obviously if it was after midnight it would have been 29th May

As of the bollard the impact of collision must have pushed me into it but I have no recollection of it, although I have returned to the scene and there is a bollard. (see diagram overleaf).

D.O.B 31/05/1995.

No convictions

Pass date 1997 (will obtain exact date)

No ongoing injuries
