Please Note

- Our fitters do not trim doors, therefore please ensure that all doors have sufficient clearance for your chosen carpet & underlay prior to the installation.
- As discussed the access to the loft bedroom is very restricted, therefore although great care will be taken we cannot guarantee not to mark the newly decorated paintwork when taking the carpet up the stairs.
- During our survey we noted that there are some large gaps at the bottom of some of the skirting boards. If these gaps are not filled prior to the carpet installation the carpet will not look at it's best at these points.
- Some of the existing floorboards are uneven in places. These areas should be attended to by the appropriate tradesman prior to the carpet fitting to prevent the unevenness showing through the carpet
