Supply & fit standard Aluminium doorbars at doorways,

Move furniture as necessary (**customer to move small items / personal belongings**),

Uplift existing moth infested materials & leave them outside the property for disposal by others

Please Note

Door Trimming – It is often necessary to have doors trimmed prior to new carpets being installed. Our fitters do not trim doors; however we are able to recommend a private contractor who can carry out this work for an additional fee payable directly.

Colour Match – To greatly minimise wastage we will use both a 4 & 5 metre wide carpet; please note that a colour match cannot be guaranteed across the different widths however this should not be particularly noticeable with a doorbar break at the doorways.

Furniture Moving – It is the responsibility of the customer to clear all personal effects, breakables, movable items of furniture, computer and home entertainment equipment from the areas to be carpeted prior to our fitter's arrival.

Please note – We noted during our survey that the leg of the wardrobe in Bedroom 2 is already broken

Uplift – Due to the existing **moth infestation** the uplifted carpet & underlay can not be loaded on to the fitter's van to dispose of as this presents a high risk of cross contamination. The uplifted materials would therefore be left outside the property for disposal by others.
