*3 winding stairs on upper stair flight will be templated on site to maintain an equal gap at the sides to
match the straight stairs,
All areas to be clear of other trades at time of installation.

Please Note

Door trimming – Our fitters do not trim doors, therefore please ensure that all doors have sufficient clearance for your chosen carpet & underlay prior to our arrival (**samples of the carpet & underlay can be provided upon request**).

Paintwork – In order to install the stair runners on the stairs we have to pin gripperods to the treads & risers and then bolster the carpet into the gap created to ensure a secure fit. Both of these essential procedures will cause vibrations to the stair case which may cause some peripheral cracking / damage to the painted stair edges. Unfortunately, this is unavoidable and we cannot be held responsible for any redecoration works that are required as a result of the stair runner installation
