**Flats 1 to 4 Staircases from ground floor to basement (¼ landing in Flat 4 to be fully fitted)**

To supply **Florence**, 50% Wool / 50% Synthetic carpeting, 4 metre wide, Colour: **FLO-03**, Heavy Duty rubber underlay to be laid beneath stair runners, Fitting to same by gripperods installation (inc. supplying & fitting new gripperods throughout), All straight stairs to be fitted as 70cm width taped edge runners & winder stairs to be templated on site Cotton Herringbone Tape, Colour: **HB8332 (Midnight Blue)** sewn on both sides of runners (approx 50mm-55mm of tape will be showing on the surface).

**Please Note**

**Stair runners** – As the stairs in each flat differ slightly in width we have specified for a consistent 70cm wide runner to each flat on all the straight stairs with the winder stairs having to be templated on site. The ¼ landing in Flat 4 will be fitted full width (i.e. not as a runner).

**Paintwork** – In order to install stair runners, our installers have to pin gripperods to the tread & risers and then bolster the carpet into the gap created to ensure a secure fit. Both of these essential procedures will cause vibrations to the stairs which may cause some peripheral cracking / damage to the painted stair edges. Unfortunately, this is unavoidable and we cannot be held responsible for any redecoration works that are required as a result of the stair runner installation.

**Fitting Dates**

Phase 1 – Friday 18<sup>th</sup> February 2022 - Template runners on site  
Phase 2 – Thursday 24<sup>th</sup> February 2022 – Fit all runners
