Please Note

Door trimming – The fitters do not trim doors, therefore please ensure all doors are trimmed to the correct height prior to the installation.

Furniture Moving – It is the responsibility of the customer to clear all personal effects, breakables, movable items of furniture, computer and home entertainment equipment from the areas to be carpeted prior to our fitter's arrival.

Access – Due to the size of a number of the rooms please note that there is a possibility of the carpet marking the walls while being transported up through the property. The fitters will take utmost care in moving the materials around but please bear this point in mind as it may be necessary for these marks to be touched up after the carpets installation. Please note that Mr Carpet can not accept costs for any remedial decorative works.

Paintwork – In order to install the stair runner on the 1st Flight of Stairs we have to pin gripperods to the treads & risers & then bolster the carpet into the gap created to ensure a secure fit. These essential procedures will cause vibrations to the stair case which may cause some peripheral cracking / damage to the painted stair edges. Unfortunately, this is unavoidable & we cannot be held responsible for any redecoration works that are required as a result of the stair runner installation.

Seaming – At the junction between the 1st Floor Main Bedroom & the Dressing Room it is necessary to seam (join) the two separate pieces of carpet together. Please note that seams **are not** invisible but the pile will blend over a period of time – please contact the showroom if you wish to discuss the exact location of these seams.
