Price for uplift & disposal of existing materials shown separately below

Please Note**Door trimming** – Our fitters do not trim doors, therefore please ensure that all doors have sufficient clearance for your chosen flooring prior to the installation.**Seaming** – Due to the available width of the selected carpet & the size of the Main Bedroom, it will be necessary to seam the carpet across the area. Please note that seams **are not** invisible but the pile will blend over a period of time – *please contact the showroom if you wish to discuss the exact location of these seams.***Painted/Wallpapered Walls** – Mr Carpet LTD cannot be held responsible for any remedial works for scuffs/damage from transporting materials into and around the home. Quite often, large pieces of carpet are required to be moved up narrow hallways and staircases which make it impossible to guarantee the carpet will not come into contact with a wall at least once, the same can be said regarding unrolling carpets out inside a room, as carpets need to be bigger than the space they will be installed to so contact is also highly possible.**Fitting Date**
