## First Floor Bathroom and carpet repairs

To rip up existing vinyl and lay new Architex vinyl, colour Dorchester Oak 3406, with a white perimeter silicone sealant and chrome tile lip at doorway like for like

*(please note; door hitting current tile lip which tore existing vinyl. It is recommended to have the door trimmed beforehand)*

*(please note; we are going over existing mosaic tiles as per existing vinyl, I cannot foresee how visible the tiles will be through the new vinyl)*

*(please note; I have planned the wood effect vinyl to run from the door to the toilet. If the wood went left to right, this wouldn't be visually ideal, but could save £56.00)*

To re-fit carpet around the edges at all 4 x walls in first floor front bedroom,

To re-stretch and re-fit carpet into first floor rear bedroom using glue as carpet has worn away and will not hold onto door bar pins anymore

**Fitting Date: Monday 22-09-2025**
