Please Note

Door trimming – The fitters do not trim doors, therefore please ensure all doors are trimmed to the correct height prior to the installation.

Skirting Boards – Through the process of fitting a new carpet, a necessary level of force is required to ensure the carpet itself is securely fixed between the gripperod & skirting board. Please note that if a skirting board is not properly attached to the wall this may result in it pushing in at the base & coming away from the wall at the top. This is not a consequence of poor installation from our fitter therefore this is not something Mr Carpet London LTD can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

Dimensions – This order is based on dimensions provided by the customer, as such it is the customer's responsibility to check these to ensure they are absolutely correct. If any issue arises from an error in measurements, neither Mr Carpet nor our fitters will be able to cover any costs that will be incurred to remedy the issue, these costs will therefore be added to the total order value & payable by the customer.
