To supply & fit Lulworth, colour LW-32,  
**42oz Felt** underlay,  
New gripper rods,  
Existing doorbars,  
Areas to be clear of furniture at time of installation,  
9mm shim to loft en-suite,  
Uplift & disposal of exiting materials to be done prior to our arrival.

**Please Note**

**Door trimming** – The fitters do not trim doors, therefore please ensure all doors are trimmed to the correct height prior to the installation.

**Furniture Moving** – It is understood that the areas will be clear of furniture prior to our fitters arrival.

**Skirting Boards** – Through the process of fitting a new carpet, a necessary level of force is required to ensure the carpet itself is securely fixed between the gripperrod & skirting board. Please note that if a skirting board is not properly attached to the wall this may result in it pushing in at the base & coming away from the wall at the top. This is not a consequence of poor installation from our fitter therefore this is not something Mr Carpet London LTD can be held responsible for and you will need to arrange any remedial work required to finish the job if need be.

**Access** – There is a possibility of the carpet touching & therefore marking the walls while being transported up through the property. The fitters will take utmost care in moving the materials around but please bear this point in mind as it may be necessary for these marks to be touched up after the carpets installation. Please note that Mr Carpet can not accept costs for any remedial decorative works.
