3 Bedrooms, Top Floor Landing, 1st Floor Landing & Small 1/4 Landing

To supply **Brooklyn**, colour **BRO-W06**

Luxury 10mm PU Foam underlay to be laid beneath,

Supply & fit new gripper rods throughout,

Supply & fit Polished Aluminium doorbars at doorways & at open edge of 1st Floor Landing
(beneath glass banister – see 'Important Information' section),

Supply & lay 17mm Coir Matting, colour: Natural, to matwell, size: 0.66m deep x 1.35m wide,

Move furniture as necessary **(customer to move small items & personal belongings, any storage furniture must be emptied prior to our visit),**

Glass Banister & Finishing Trim – This will need to be removed prior to our visit to allow for the new carpet & underlay to be laid beneath & for the single naplock trim to be fitted at the very edge of the landing. **PLEASE NOTE – the trim is metal & straight, the edge it will be fitting on top of appears to not be perfectly flat & level so we cannot guarantee it will be an absolutely perfect finish.**

1st Floor Noses – The noses down to the 1/4 landing (at the top of the lower flight of stairs) from the rear bedroom & 1st floor main landing are currently square at the nose. It is recommended for traditional rounded noses to be introduced to reduce risk of premature wear on the carpets at this junction.

Top Landing & 1/4 Landing risers – As agreed on site, the carpet will be finished down the vertical riser in both of these areas.

1/4 Landing – As agreed on site, the squared section of the stringer (skirting) should be painted allowing our fitter to turn the carpet up to this rather than trying to cover it.
