

GAIA®

brilliant carpet with a natural touch

### Why are the Gaia ranges named after rivers?

Indus, Dorado, Tigris, Ganges... names of famous and less well-known rivers. But all are threatened by plastic and other pollution. **Start contributing to solve this problem now by buying products containing recycled plastics.**

ECO FusionBac is a unique premium carpet backing. It is made from 100% recycled pet plastic bottles.

# GAIA®

## Brilliant carpet with a natural touch

**Polyester** is the most widely used textile fibre in the world. Polyester is **alluring & smooth to touch**.

**Gaia®** carpet with its **excellent colour fastness, rich lustre and 100% virgin pile material** will certainly enrich your home. And no maintenance issues whatsoever: **Gaia®** carpet is **bleach cleanable**.

Moreover, Gaia® carpet has an **ECO FusionBac** textile backing made from **100% recycled PET plastic bottles**.

Brilliant colours

Silky touch

Easy maintenance

Excellent colour fastness
