ØPENSACES

We have expanded our popular Open Spaces range by adding 10 new colours to the Auckland and Queenstown designs.

Using 100% New Zealand wool for the pile yarn, the 6 new Queenstown and 4 Auckland colours introduce a warmer palette in line with the New Neutrals colour trend.

This shift builds on the organic colours within the Open Spaces collection while retaining the contemporary style that has made it so popular.

Homeowners now have a choice of 50 different colourways across 4 different Open Spaces designs - Dubai, Auckland, Napier and Queenstown.

Available in 5m, 4m, 3m, 2m and 1m MultiWidths, the Open Spaces range of Tufted Loop carpets is suitable for heavy wear applications.

KEY SELLING POINTS

Suitable for all domestic areas

Treated during manufacturing to protect against moths

Improved pile recovery and durability

Better value, less waste and fewer seams

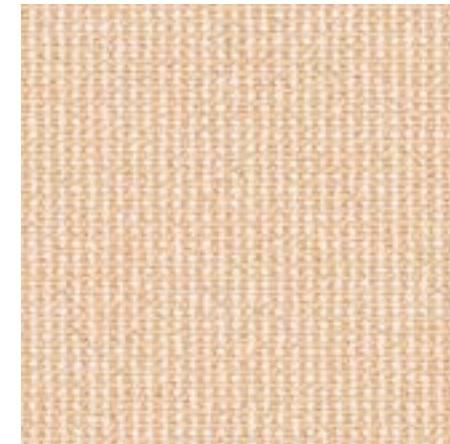

Helps prevent pile flattening

RRP: £51 sq.m

AMARETTI

PECAN

GREEN TEA

This range embraces the 'Living Well' philosophy - appealing to conscious consumers who thoughtfully choose to create the lifestyle they value.

While maintaining the contemporary character of this smaller loop construction, the collection reflects the growing trend towards natural flooring aesthetics such as sisal and jute.

The introduction of warm, nature-inspired tones with subtle hints of gold, green, and brown enhances this natural look, while preserving the practical benefits and comfort of pure wool.
