Designflooring: Take a closer look

We find the inspiration for Designflooring in the beauty of the natural world and feel passionate about bringing this into every product we create. From the intricate grain details in real woods to the timeless tactile qualities of natural stones, we've used the latest technology to bring you floors that are the ultimate in style and give you exceptionally high performance and quality. What's more, we've already chosen the best colours, formats and design components for each of our ranges, meaning it's easy to create the perfect design floor for your home.

Plank variation

Our planks are designed to reflect the variance and random character of natural materials, rather than looking uniform and manufactured.

wear layer

With a protective wear layer on each individual plank and tile, our floors are designed to withstand the everyday hustle and bustle of home life.

Do you love the authentic, rustic look of traditional crafted wood planks? Or perhaps you prefer the distinctive texture and intricate patterns of quarried stone? Whatever it is you're after, you're sure to find a look that's just right for you in our wide range of stylish, high quality Karndean Designfloors.

The right look for every room

We know that style is personal and every space is different. To help you find the right floor for your home, see what each of our ranges have to offer:

	Wood	Stone	
Art Select	✓	✓	Lovingly created to reflect the natural materials that inspired them. These planks and stones give you timeless craftsmanship at your feet. 20 year residential guarantee
Da Vinci	✓	✓	Smooth slender planks and richly textured tiles. Bevelled edges create distinct definition. 20 year residential guarantee
Michelangelo		✓	Make a statement with mosaics, metallics or soft contoured pebbles. Unique and character-packed surfaces. 15 year residential guarantee
Van Gogh	✓		The character of real timber in a wide range of designs including distressed, reclaimed and limed woods. 15 year residential guarantee
Opus	✓	✓	Fresh and contemporary. Available in larger plank and tile sizes. Simple lines and sleek design combine to create a clean, modern look. 15 year residential guarantee
Knight Tile	✓	✓	Our widest range of planks and tiles at our most affordable prices ensures there's something for everyone. 12 year residential guarantee
Karndean LooseLay	✓	✓	Our latest innovation. Quick and easy to fit over most existing hard floors. Quieter than laminate. 15 year residential guarantee

Designflooring: Inspiration

How to create your perfect floor...

We have put together a quick guide to help you design your new floor. Your floor can be as simple or as intricate as you'd like. Follow the steps below to be on your way to creating a floor that's just as unique and individual as you are.

1 Choose a main colour and effect

We have an extensive range of colour tones in our **Inspired by Wood**, **Inspired by Stone** collections.

Inspired by Wood:

Choose from our wide selection of planks, each featuring realistic grain and knot details and textures. We offer a varied range of styles ideal to suit any room in your home.

See **Wood ranges at a glance** on pages 140-141

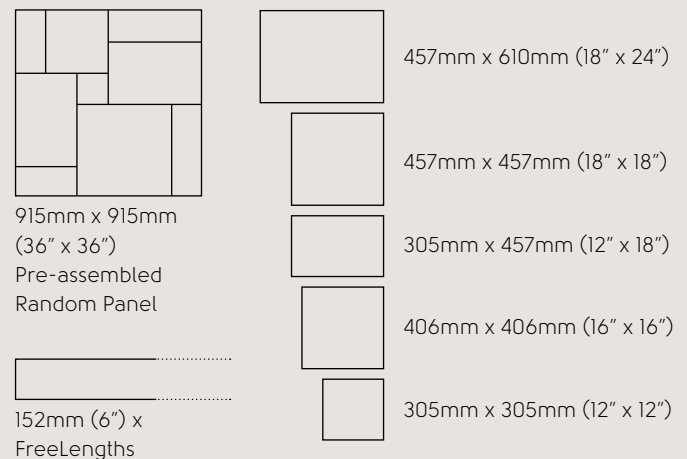

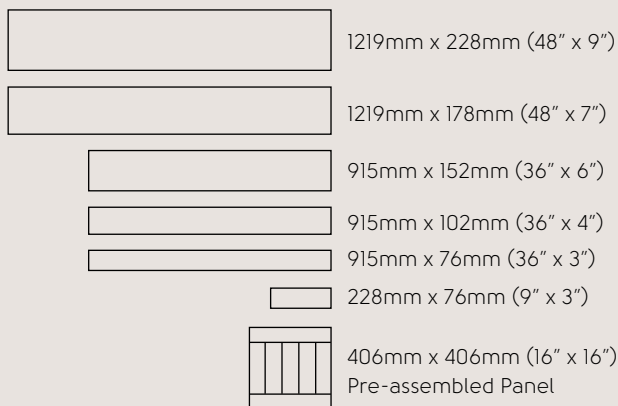

Inspired by Stone:

Choose from a palette of natural beiges and browns to cool blues and greens. With tiles including marble, slate, terracotta and ceramic effects plus our Michelangelo range of mosaics, pebbles and metallics.

See **Stone ranges at a glance** on pages 142-143

We offer a wide range of plank and tile sizes. To find out available sizes for your chosen product, please see the individual product pages.

2 Add a design strip

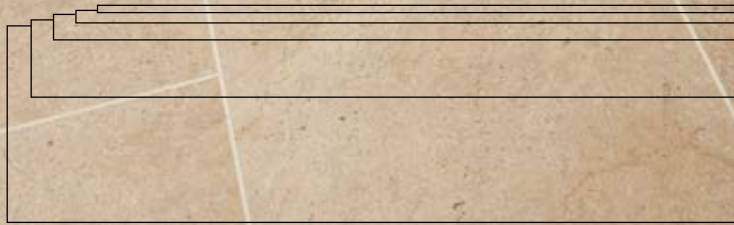

Once you have chosen your main floor colour, you have the option of adding a decorative strip...

Inspired by Wood:

Add a strip between wood planks to create an attractive ship's decking effect.

Inspired by Stone:

We highly recommend adding a narrow strip to a tile floor to create a natural grouting effect.

Grout Strips

Available in two widths:
3mm and 5mm
Six colours.
See page 113

Design and Metallic Strips

Available in five widths:
3mm, 5mm, 10mm, 30mm & 76mm
A wide palette of colours.
See pages 110-113

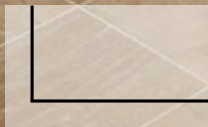

*Define your space and
get creative with strips*

3 Add a border

To personalise your floor even further or to help define your space, why not add a border?

Keyline Borders

Use single strips to define a space.
See pages 110-113

Tramline Borders

Use a combination of strips to create more emphasis.
See pages 110-113

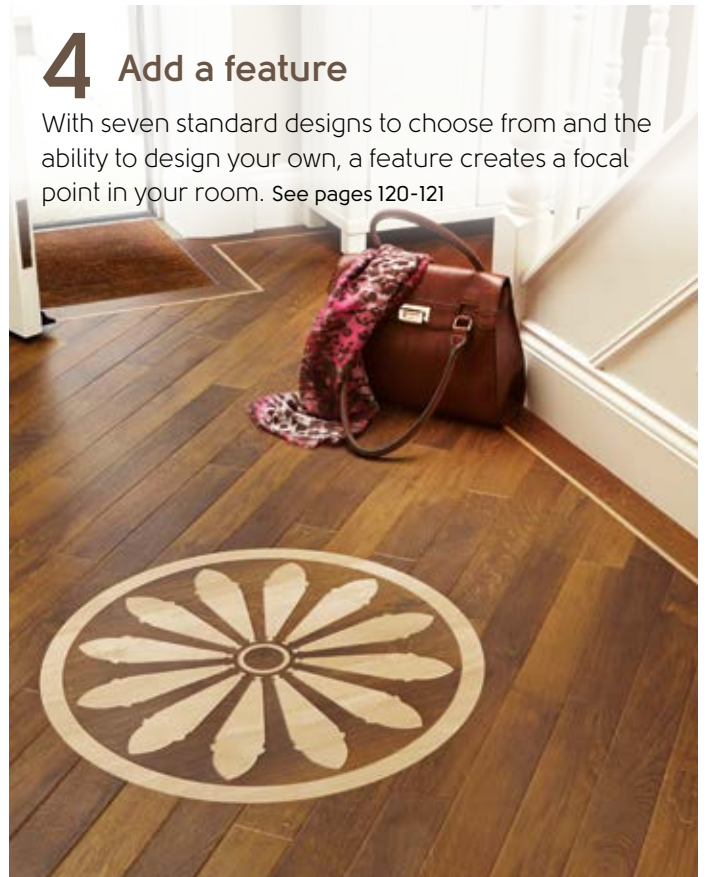

Decorative Borders

Choose from a range of patterned borders designed specifically to complement your chosen floor.
See pages 114-119

4 Add a feature

With seven standard designs to choose from and the ability to design your own, a feature creates a focal point in your room. See pages 120-121

Art Select Woods

Full of charm and character, our premium Art Select Wood collection brings the natural beauty of real timber to life in your home.

Through meticulous attention to detail and careful selection of some of the most beautiful and inspiring natural timbers, our Art Select Wood collection includes our most intricate designs and realistic embosses. Each plank is handcrafted to reflect the unique grains, knots and textures of natural wood, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but is also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select Woods tells its own story.

Your guide to Design Strips...

To complete your look, add a design strip. Choose from a wide range of tones and textures available in **3, 5, 10, 30 and 76mm** (unless otherwise specified). Place these between tiles to create a natural grouting effect or to enhance the design of your floor. We have a wide range of strips, but they only work with certain products. Your retailer will be able to help you select the right strip for your chosen floor.

Designflooring

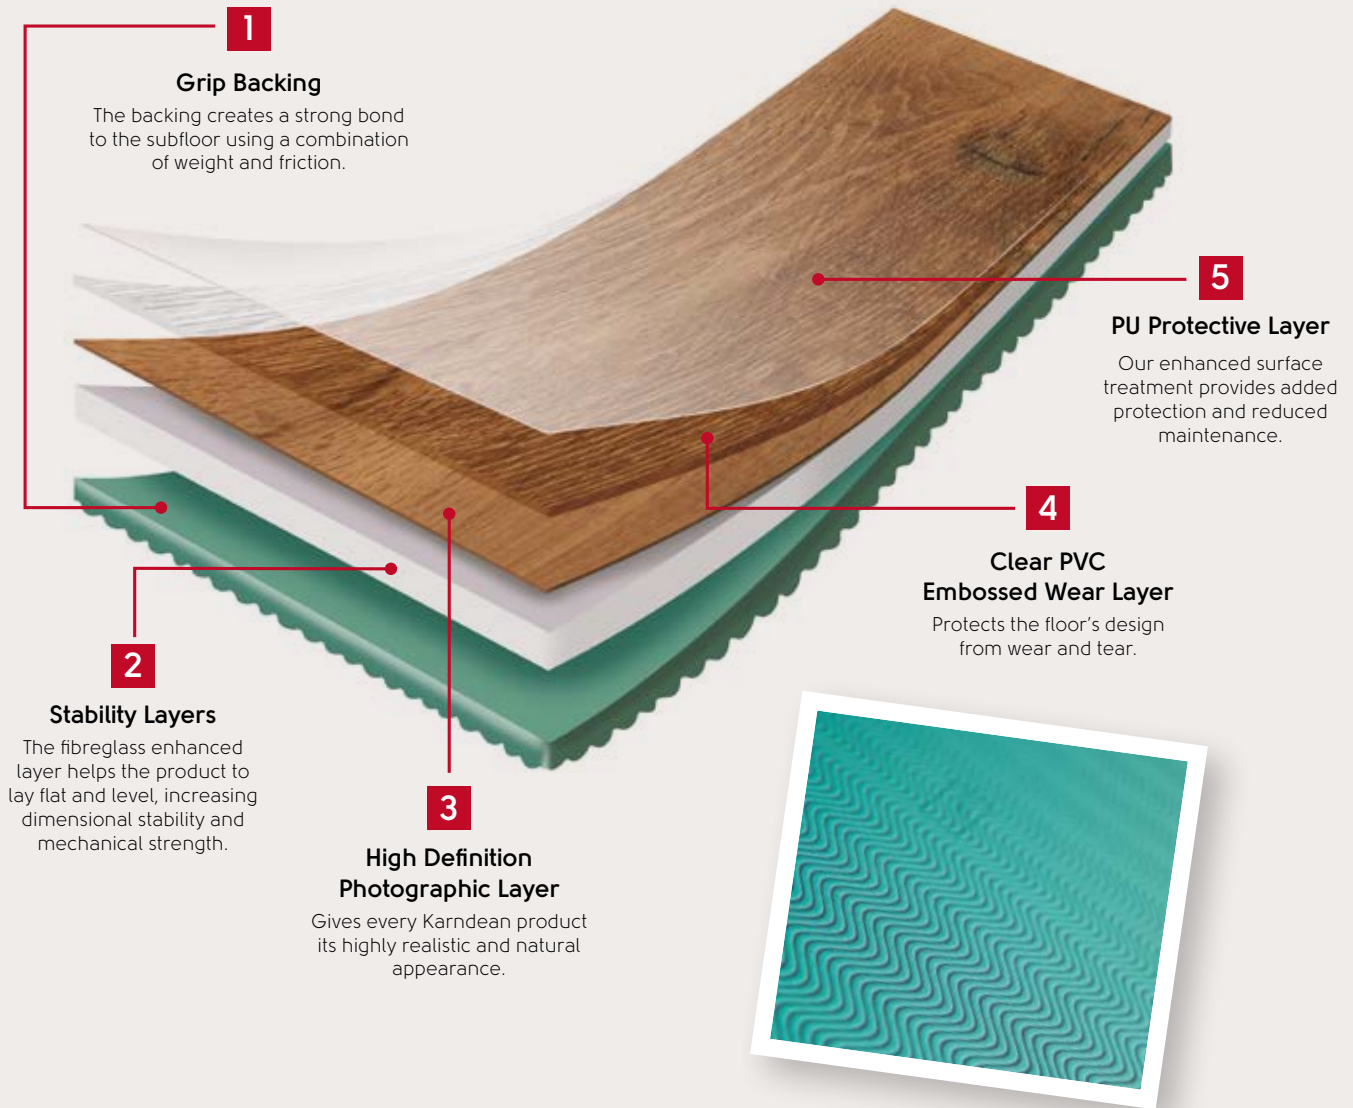

Karndean
LooseLay

What makes Karndean LooseLay special?

Karndean
LooseLay

Karndean LooseLay is a new format of luxury vinyl flooring featuring a friction grip backing that holds the product in place.

Boasting the realistic designs and grain details customers expect from Karndean, LooseLay is available in large scale wood look planks and stone look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors. Oh, and it's 100% recyclable!

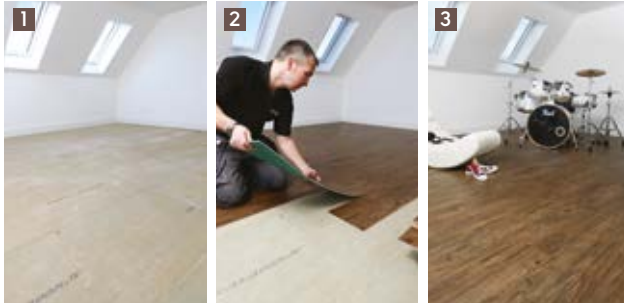

Why Karndean LooseLay?

Quick and easy to install

All you need is a sound, smooth, dry and dust free subfloor. **Karndean LooseLay** can be fitted over most existing hard floors*.

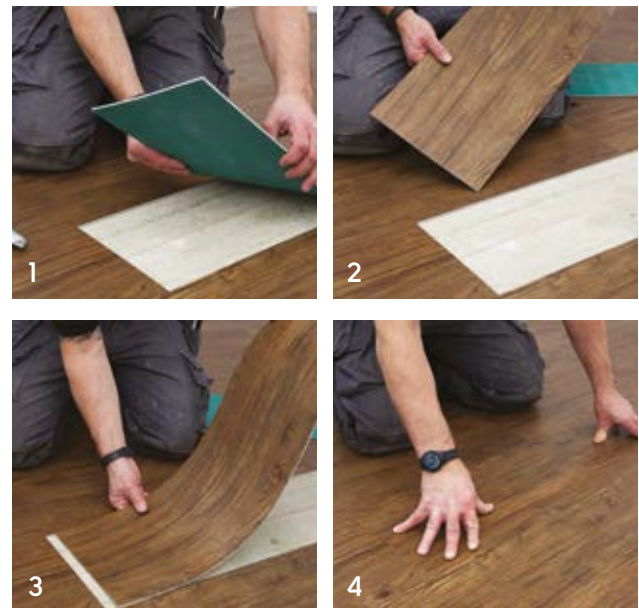

Compatible with underfloor heating

Up to 27°C

Individually replaceable

Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.

Acoustic qualities

Karndean LooseLay is perfect for projects where you want to reduce noise levels in the room below, such as playrooms, bedrooms and garage/ loft conversions without the need for underlay.

Comfortable underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring. Additional cushioning in the backing helps make the product more comfortable underfoot.

Realistic designs

Available in contemporary larger scale planks and tiles, **Karndean LooseLay** is available in a variety of colour tones and styles.

Durable

Karndean LooseLay is extremely hardwearing. Unlike real wood and stone, it won't splinter, warp or crack.

100% recyclable

Low maintenance

We use PU technology to ensure that there is no need to apply an additional surface treatment following installation.

Cleaning and maintaining your Karndean floor

Karndean Designflooring is hardwearing and easy to look after. Our enhanced surface treatment helps protect against everyday wear, spills and scuffs. This makes it easier and more environmentally friendly to clean and maintain, giving you peace of mind that your Karndean floor will look great for years to come.

We have a dedicated section on the website with videos which explain how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

We also have our own Floor Care Kits that you can order from your local retailers including everything you need for a simple cleaning routine.

Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

After time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

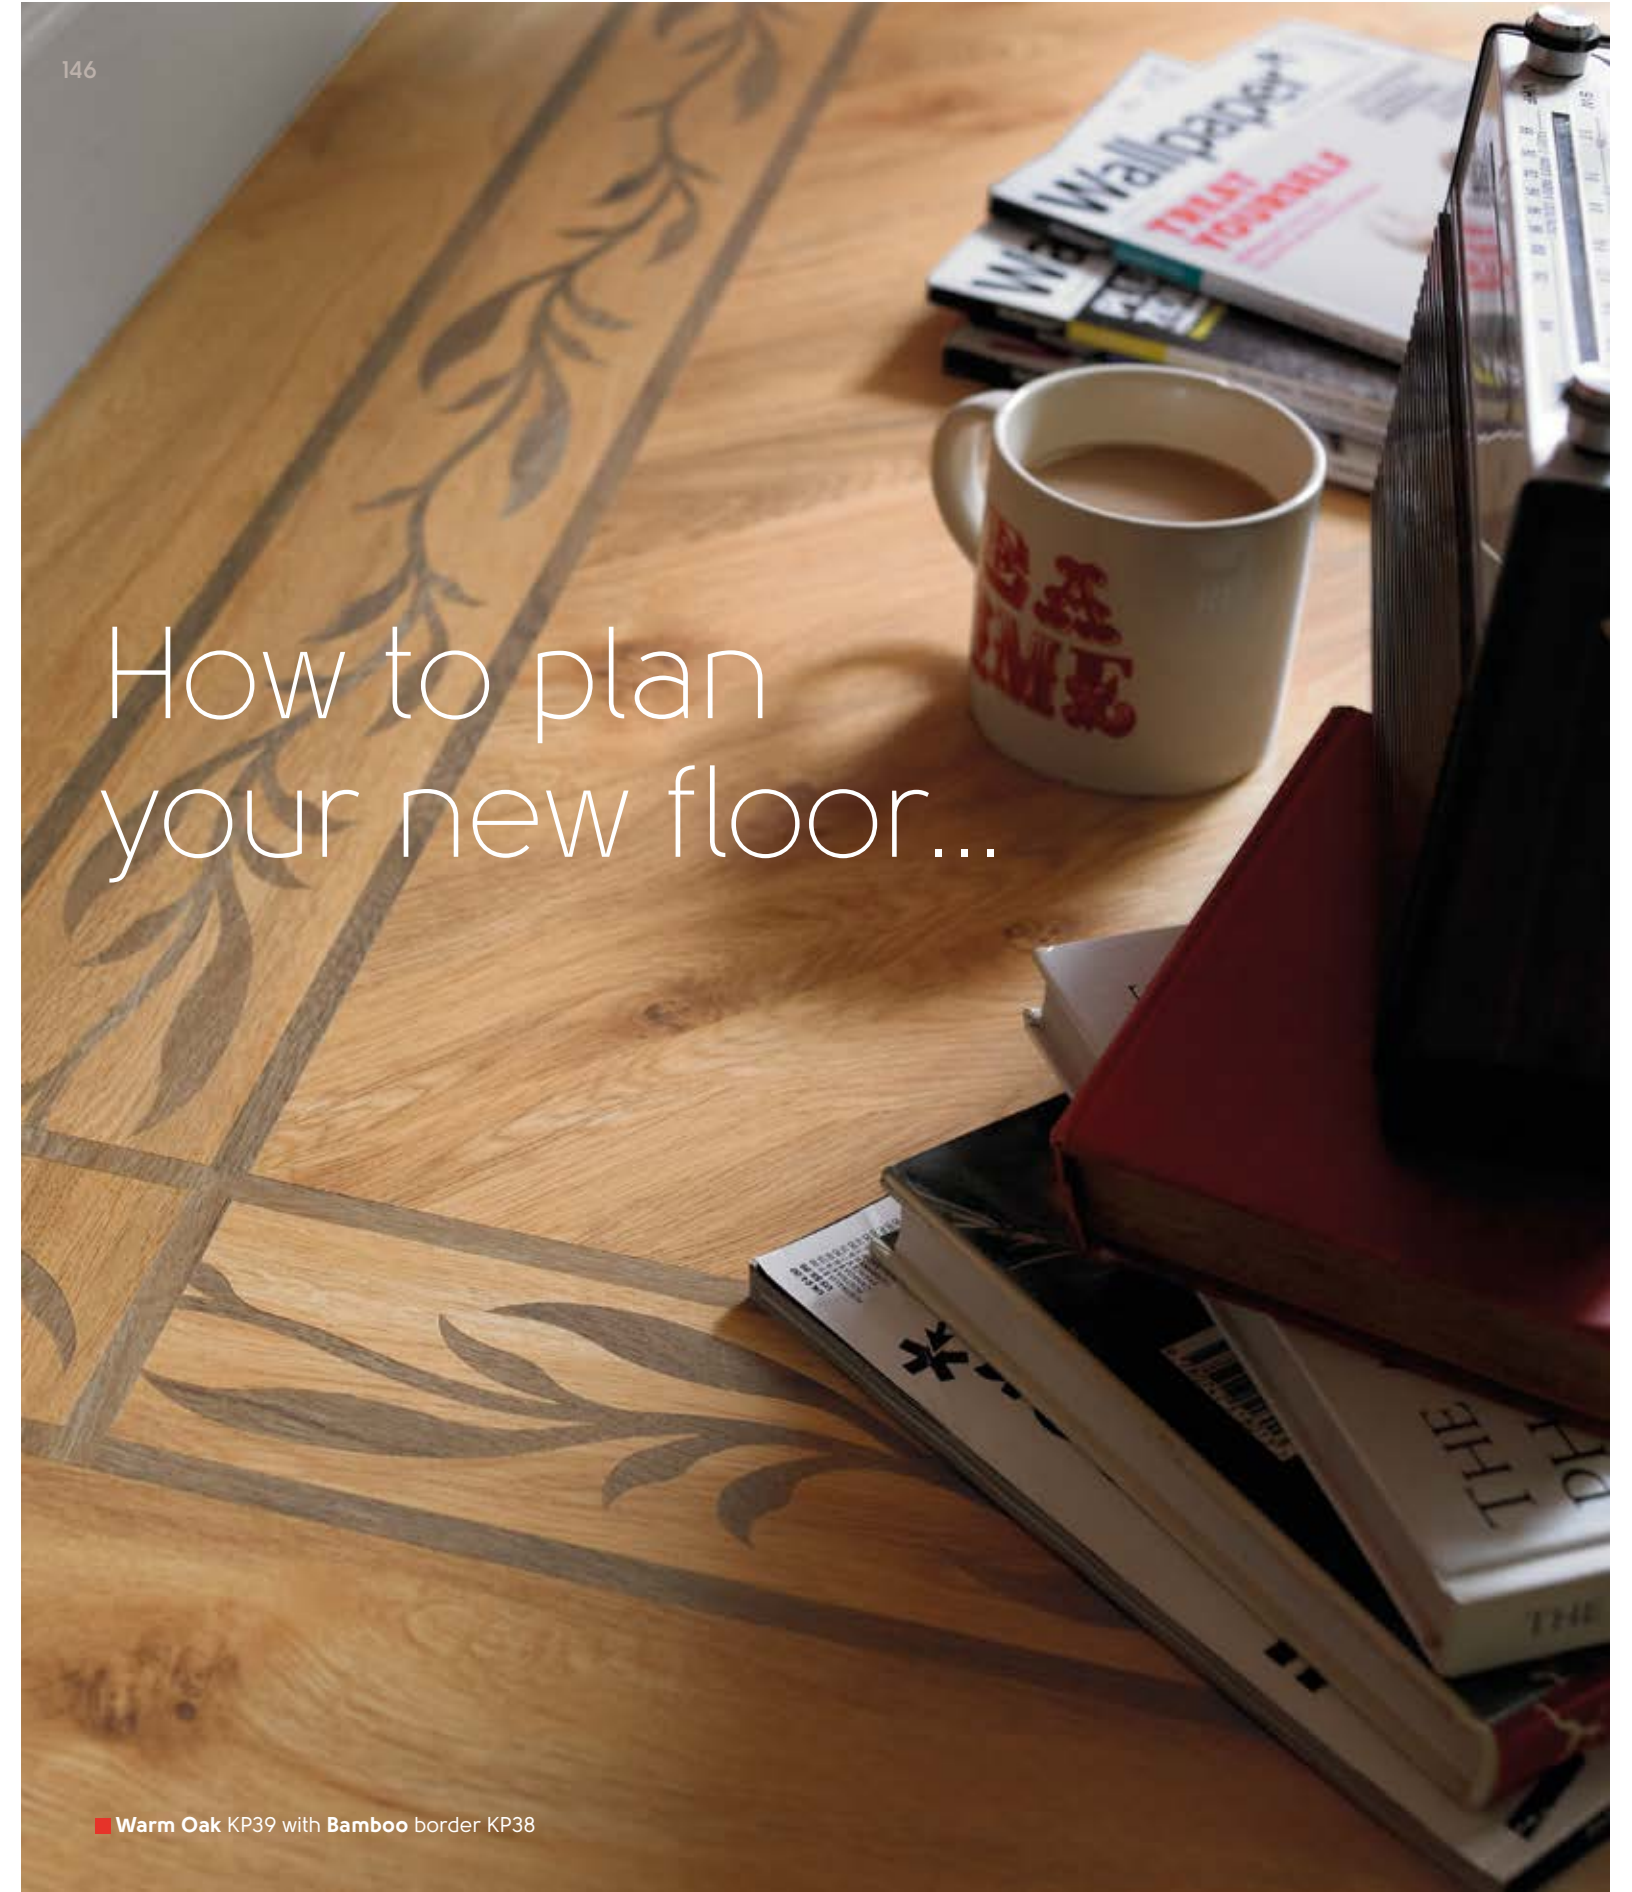

- 1 Karndean Clean 750ml
- 2 Karndean Remove 750ml
- 3 Karndean Refresh 750ml
- 4 Floor Protector Pack
- 5 Refresh Pad (soft/white)
- 6 Remove Pad (coarse/white)
- 7 Applicator
- 8 Floor Care Guide

To help protect your Karndean floor we recommend using a Turtle Mat.

How to plan your new floor...

Things to think about...

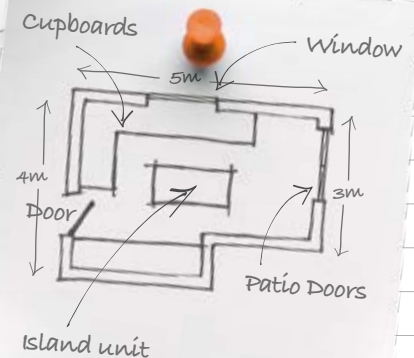

Our expert staff are here to help you design your floor. Pop in to see your local retailer or visit our showroom in Evesham where you can see over 500m² of Karndean Designflooring!

Helpful hints and tips to help you choose your Karndean floor.

1. Which room in your home do you need flooring for?
2. What style suits your home - classic, contemporary, traditional?
3. Choose your effect - Wood or Stone?
4. What colours will suit your space?
Circle the ones you like on the 'at a glance' pages 140-144. Use pictures, cuttings or swatches of colours and designs you like to help you choose.
5. Have you thought about finishing touches? For decorative borders or strips, see pages 110-121.

Useful notes

Draw a sketch of the shape of your room with rough measurements to take to your retailer. They will visit your home as part of the service, to take accurate measurements and give expert advice.

Visit us online at www.karndean.com
where you can:

Find your nearest recommended retailer

Use our online search facility to find your nearest **Karndean Designflooring** recommended retailer. Leave your details for a retailer to contact you for a free measure and quote.

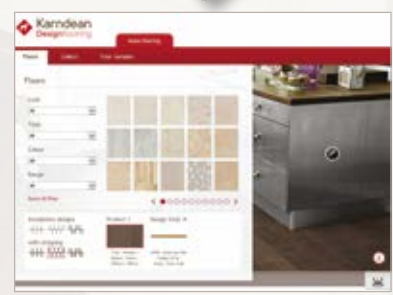

Order samples

If you need some extra help selecting the best colour for your room, why not order some colour chips? These are small samples designed to help you pick which product is right for you.

Try our Floorstyle tool

We have developed a great tool which allows you to pick a room and see what different floors will look like. It's really easy to use and will allow you to create your perfect Designflooring combination.

Colour & Pattern Reproduction

We are careful to make sure our brochures are accurate and printed to very high standards, but photography and printing cannot always create a perfect representation of our products. For this reason we strongly recommend that you look at a sample of any product you are considering before placing your order.

All of our products are inspired by things we have seen in the natural world and just like variation in colour and detail is part of the beauty of nature, it is also a feature of some of our designs. This means that with some of our products you will see natural variation when your floor is laid. If in doubt, ask your retailer to show you a larger sample of the product.

We love developing new ideas and improving our existing designs. Part of our policy of continuous improvement means that we may add, change or withdraw products from our ranges. We hate to disappoint and will always try to work with you to find an alternative design that you love so much.
