Slight variations in Colour may be experienced from dye lot to dye lot.

During the early stages of the carpet's wear life, pilling and fuzzing may occur. This is a temporary phenomenon and the degree to which it may occur is entirely due to circumstances and the maintenance of the carpet. This is a normal feature and is not a defect in manufacturing.

INSTALLATION

All Carpets should be installed in accordance with BS5325

MAINTENANCE

For day to day cleaning, use of a vacuum cleaner is recommended. Professional Cleaning by Dry Clean Extraction is recommended to prolong the life of the carpet.
