

## **New Clearance Stock – A1/P Dublin 100% wool**

I have purchased from best 11 rolls of a 4m wide Brussels loop that they make for a company that came up off shade.

The small sample is off the rolls we are buying and it is for you to start selling BEFORE the stock arrives next week. There are 5 rolls arriving next week and 6 rolls to call in when required.

**The carpet is perfect and is available at a net price of £16m2**

As soon as the stock arrives we will cut samples off the roll as usual but please sell from these A4 sized pieces until it arrives.

1 piece per branch is ALL the stock we have at present.

**Any problems please ring me for clarification. - DG**
