

## Stock Deliveries January 2016

I have purchased a few rolls of clearance stock in January and I have also re ordered the Stainfree twist stock and changed a colour as the previous 2 were very close.

### Stainfree Twist – Regular Stock – £12m2 stock colours

I have re order the STA-006 Sand for stock but I have decided to NOT re order STA-005 Sandstone. I have ordered 3 rolls of STO-004 Nougat and this colour can also be sold for £12m2 in the 4m stock width.

### Stainfree Twist – Clearance Stock 100% Polypropylene - £10m2 Feather ONLY

I was offered a few rolls of the Stainfree twist in a colour they produced but decided not to include in the collection. As it is a non repeatable colour I paid less for it. The colour is Feather 133 and we have 6 rolls @ 4m wide that we can sell for £10m2 while stock lasts. There is no more stock after this stock is sold.

### Soft Touch – Clearance Stock 100% Polypropylene - £16m2

This is a carpet similar to Lulworth in a soft touch yarn. I have purchased one colour and have 2 rolls of 4m wide & 2 rolls of 5m wide. THE DIFERENT WIDTHS DO NOT MATCH and this is £16m2

### Designer Loop – Clearance Stock 100% wool - £22m2 ALL DESIGNS

There are 3 designs in this range and they are some production rolls for a new range they produced for a customer in the UK. There is limited stock and when it has sold there is no more available. It is a very heavy loop made from 3 ply New Zealand wool. There are 2 designs that have the same number so be careful when allocating.

Designer Loop – Seine IV 119 – 2 rolls available 5m wide.

Designer Loop – Seine V 119 RIB – 2 rolls available 5m wide

Four Seasons – 194 – 2 Rolls 4m wide delivery in Jan and 4 rolls @ 4m wide for delivery in Feb

**Also attached is the Miku& Katsu stock held at Telenzo to be called in.**

I am keen to push this stock as I have purchased a lot of clearance stock in January and it would be good to sell it ASAP.

Samples will be with you as soon as possible.
