Care and Maintenance Vacuum frequently, remove spills immediately, professionally clean as required.

Pile Reversal/Shading All pile carpets can suffer from pile reversal. A phenomena that may occur only in certain areas and for no apparent reason. It may show as areas of dark and light patches. This may only occur on certain colours and styles of design and is not a manufacturing defect.

Colour Matching This sample may not be from the same production batch as current stock and therefore should be used as a guide only. Whilst we will try to get as near a colour match as possible we cannot accept any liability regarding the matching of colour. Colour matching between rolls of different widths cannot be guaranteed. Due to advance in technology the company reserves the right to make changes or use different materials in the manufacturing process, this will not affect the quality of the product.

Installation By professional fitters in accordance with BS5325 in the recommended location.
