Training

Floor Fitting Courses

We pride ourselves on offering industry leading training courses to flooring contractors nationwide. At our purpose built training facility, in Evesham, we can help you, your employees and apprentices to learn and develop the skills needed to fit commercial vinyl flooring.

Flooring installation training

Our three-day training courses combine both the hands-on practical experience and theory that is needed to ensure you have the skills needed to fit commercial vinyl flooring. The courses include Designflooring techniques, sub-floor preparation and using the appropriate adhesives. Courses run all year round and cater for all levels of experience.

Basic training

The basic course introduces all aspects of sub-floor preparation and adhesive selection, plus installing simple design layouts, borders and features.

The basic course includes:

- 3 days training including lunch for each day
- Boxed tool kit*
- Certificate

Advanced training

This covers more sophisticated floor laying techniques. To benefit from the Advanced course, we recommend that you have between 6-12 months experience of fitting Karndean floors, as the course provides training in complex design and installation methods.

The Advanced course includes:

- 3 days training including lunch for each day
- Certificate
- LooseLay demonstration

Basic Level Training Course £395*

Advanced Level Training Course £395*

* If bought together the cost will be £650.

This offer is subject to terms and conditions, which are available upon request.
