The maximum box quantity of the Octagons is 80 and the Keys is 405. The above data is based on the maximum amount of product in a box. The Octagons and the Keys are boxed separately. The correct number of Keys will be calculated depending on the meterage ordered, which means that the box weights will differ. The Keys will be supplied taped, typically in rows of three. We recommend an upper limit of 25m² for Décor products. If you are working on a project and need additional information or help, please contact sales@amtico.com

*Orderable by meters square required
