Dear Customer,

I hope this letter finds you well. I am sure you are aware the world is seeing energy costs doubling, fuel at record highs, transport costs going up and raw material prices very unstable. As a business we too are encountering these increases and unfortunately, we can no longer absorb these and have been left with no option but to increase our prices to you on 1st December 2021.

A copy of the new list price list effective 1st December 2021 is enclosed for your information and your Area Sales Manager will be in touch with you to discuss any net cut or roll prices.

I would like to apologise again for any delivery issues you may have encountered from Associated Weavers this year and I would like to assure you we are all working as hard as we can to get the network up and running and back to the service levels we all expect and need from AW.

The national Class 1 and Class 2 driver shortage as well as Covid and Brexit have thrown up many challenges for us in setting up a national delivery network this year, but the network is improving every week and we will soon be back to the needed level of service.

I would like to thank you again on behalf of everyone at Associated Weavers for your continued support and patience during 2021 and I look forward to more positive times in 2022.

Yours faithfully,

Gavin Pugh
UK Managing Director
