Surcharges and Restrictions

Rugs under 2 meters in width: 25% surcharge to be added to the total cost of the rug

Rugs over 5 meters in length or any unusual shapes: i.e. internal mitred corners, please contact HQ for a quote.

Please note, the above pricing is specifically for our rug service, NOT stair runners.

Stair runners: Please contact HQ for a quote.

Please note

All our flooring is directional and unless otherwise stated, the longest dimension is the length and the shortest dimension is the width. Our lead time is approximately 3-4weeks.

How to calculate the cost of your bespoke rug

Cost of flooring: multiply the width by the length i.e. how many square metres. Multiply this figure by the cut length price of the flooring.

Cost of binding: calculate how many linear metres you have by adding up all the sides of the rug together. Multiply this figure by the cost of the binding.

Finally add the cost of the flooring to the binding. This is your rug price ex VAT.

N.B. if the rug is less than 2m wide please add 25% surcharge.

You can also visit our Rug Calculator on our website www.fibreflooring.com.

This will give you a Recommended Retail Price. The RRP is double the trade price plus vat. A quick way to work out the trade price of a rug: Trade price = RRP÷1.2 (take the vat off) ÷2

Finished border widths

Single border: Approximately 55cm.

Double border: Total width approximately 120mm

Border with piping: Total width approximately 70mm.

Borders can only go as narrow as approximately 35mm – 45mm.

Deliveries

Deliveries to UK commercial premises included. All non-UK mainland deliveries carry a delivery surcharge. Please speak to HQ for a quote.
