All of the above cartridge adhesives are especially designed for fixing gripper, stairnosings, metal trims etc to concrete, wood, chipboard and ceramic tiled floors.

Just when you thought it wasn't possible, we've raised the bar

EVEN HIGHER.

TFT WOODEXPERTS
Diamond Mark
Certified

FG1™ FLOORING GRADE PLYWOOD

The first panel to go far beyond British Standard BS 8203:2017 — now Diamond Mark Certified. You won't find a better panel in the UK for flooring applications.

FG1™ Plywood from Lionvest is the first plywood panel in the UK not only to be fully compliant with the new specifications listed in Annex A of BS 8203:2017 — but also to fully exceed them. Now with Diamond Mark Certification, FG1 just went stratospheric.

For total piece of mind and to ensure successful floorlaying and subfloor preparation, FG1 is the ONLY plywood you'll need. Don't lay another floor until you've first laid FG1. Available in 5.5, 9 and 12mm. Don't accept imitations.

PLYWOOD AND HARDBOARD

		Pallet Qty	Approx Gauge	Size mm	feet	£ per sheet
STK	Hardboard*	300	3.2mm	1220 x 610	4' x 2'	2.07

Wood Flooring – Important Notice

Boen reserve the right to supply 2 boards with slotted top layer in each pack. This could result in planked products having a staved appearance.

Sampling: Each piece of wood is unique in grain and colour and therefore cannot be truly representative of a finished installation. A small sample may not show a knot or sapwood but may be part of the accepted grading of that product. Please ensure that your client is aware of this before installation. Manufacturers grading sheets are available upon request.

InstaLay
InstaLay is a self-contained rubber crumb underlay system that simplifies installation by reducing sub-floor preparation and eliminating the need for adhesive.

InstaLay 25hg

– High grab adhesive

2.5mm underlay with permanent self-adhesive bond. Ideal for LVTs (dryback) and woven vinyl tiles

InstaLay 30lg

– Low grab adhesive

3mm underlay with non-permanent self-adhesive bond. Ideal for carpet tiles, LVTs (click), engineered wood (click) and laminate (click) installations.

InstaLay 30hg

– High grab adhesive

3mm underlay with permanent self-adhesive bond. Ideal for LVT (dryback), solid/engineered wood (tongue and groove), and broadloom carpet installations.

InstaLay 50lg

– Low grab adhesive

5mm underlay with non-permanent self-adhesive bond. Ideal for carpet tiles, engineered wood (click) and laminate (click) installations.

InstaLay 50hg

– High grab adhesive

5mm underlay with permanent self-adhesive bond. Ideal for solid/engineered wood (tongue and groove) and broadloom carpet installations.

Engineered Wood Flooring

REVOLUTIONARY FLOOR TECHNOLOGY

Compared to a solid wood floor, Kährs' multi-layer construction is 75% more stable.

GLUELESS LOCKING JOINT

The Woodloc® locking joint provides a stronger floor and a faster installation.

UNDERFLOOR HEATING

Floors from Kährs ranges are suitable for installation above underfloor heating systems.

This base section is supplied with all profiles f.o.c.

Other profiles are available in the woodline range but not stocked. These are normally available with in 3-5 days.

We stock lacquered profiles to match lacquered finishes and unfinished profiles to go with oiled floors. The unfinished profiles would need to be oiled to suit the relevant floor.

Please Note: We operate a no returns policy on all wood and laminate flooring

INSTALLING LUXURY VINYL TILES IN AREAS OF HIGH TEMPERATURE?

Unlike traditional heavy duty adhesives, ARDEX AF 2575 is ready mixed and resealable, which means there's no wastage.

Simply spread the required amount of adhesive, replace the foil, and reseal the lid ready for your next job.

ZERO WASTE
READY MIXED AND RESEALABLE

Lawn Fix Tape 150mm x 20m

Webbed, suitable for applied adhesive

£69.95

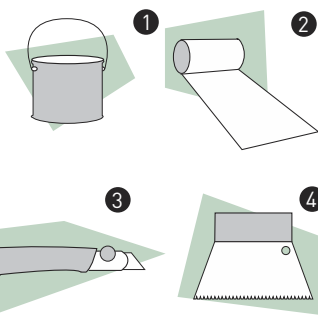

SIMPLE INSTALLATION

REQUIREMENTS

- A. Synthetic grass
- B. Synthetic grass adhesive (1)
- C. Seamtape (2)
- D. About 20 kg quartz sand (scatter material) per m²
- E. A board or a wooden beam

Tools:

- Carpet knife (3),
- Adhesive comb (4),
- Hard broom and rake.

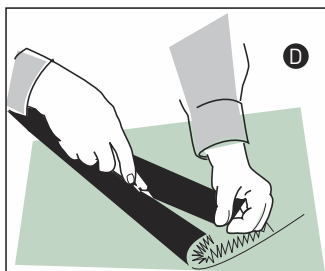

Checking the subsoil

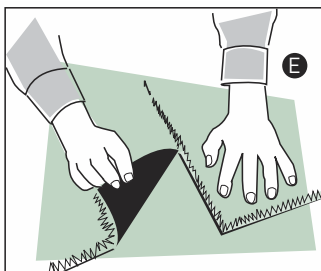

- A. Check if all surfaces to be covered with synthetic grass are sufficiently flat and also stable.
- B. Be sure that all possible necessary improvements to the subsoil have been executed.

Installation of the synthetic grass

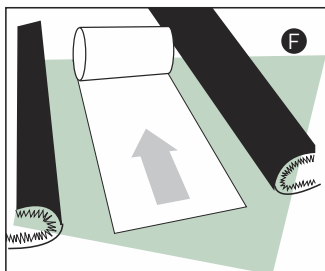

- A. Roll out the first synthetic grass strip, put it right and then mark where the other strips have to be put.
- B. Check the desired width of the rolls.
- C. Roll out the following strip next to the previous one and then determine the place for the following roles.
- D. Make the seam between 2 rolls with a carpet knife (figure D).
- E. Prepare the adhesion of the seams with synthetic grass adhesive and the seam tape. The width of the seams between the 2 rolls cannot be more than about 4 mm (figure E).
- F. Unfold the sides of both rolls, so there is an opening of about 60 - 75 cm width (figure F).
- G. Now the first lanes are ready for adhesion. Put the adhesive on the seam tape and spread the adhesive equally with an adhesive comb. The quantity of the adhesive is determined by the teeth in the adhesive comb, but has to be about 3 mm thick and 15 - 20 cm wide (figure G).
- H. Carefully press the back of the synthetic grass with your hands in the adhesive. Check if the back of the synthetic grass has been pressed really well in the adhesive. Pressing or lightly rolling afterwards guarantees a good stitching (figure H).
- I. Repeat steps C up to H inclusive until your synthetic grass surface has been put completely.
- J. If all the synthetic grass has been put completely, check all seams once more and put some more adhesive where necessary.
- K. Cut the outline of the synthetic grass in the desired form.
- L. Remove all rest material with a rake or a broom.
- M. The artificial grass products Home, Diplomat and President have to be attached to the subsoil on the sides preferably by means of a board or a wooden beam (figure M).

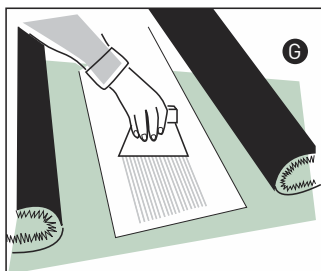

D Cut the sides of the synthetic grass

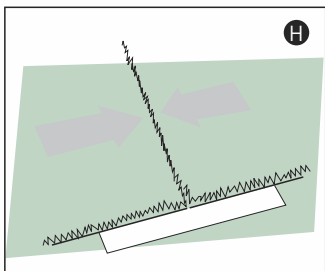

E The width of the seams can be max. 4 mm

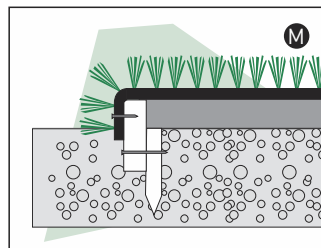

F Rollout the seams tape

G Put the right quantity of adhesive

H Press the synthetic grass in the adhesive

M Attach the board or beam to wooden piles and attach the synthetic grass to the board

TERMS AND CONDITIONS

The following are extracted from the Standard Terms and Conditions of Sale of MCD Group Limited (the "Seller"). A full copy of these Conditions is available on request.

1. Terms of Payment

- 1.1 The Seller shall invoice the Buyer for the goods immediately following delivery.
- 1.2 If the Buyer fails to pay on the due date, the Seller shall be entitled to:
 - 1.2.1 the immediate payment of all outstanding payments on the Goods or any other goods, services or works under any contract even if payment is not due and irrespective of any credit facilities;
 - 1.2.2 charge the Buyer interest at the rate of 2.5% per month on unpaid amounts until payment is made (a part of a month being treated as a full month for the purposes of calculating interest); and
 - 1.2.3 charge the Buyer the cost of recovery of any unpaid amount including any legal costs, disbursements and bank charges incurred.

2. Risk and Property

- 2.1 Risk of damage to or loss of the Goods shall pass to the Buyer on delivery. The property in the Goods shall not pass to the Buyer until the Seller has received in cash or cleared funds payment in full for the Goods and all other goods for which payment is due.
- 2.2 Until the property in the Goods passes to the Buyer the Seller shall be entitled to require the Buyer to deliver up the Goods to the Seller and if the Buyer fails to do so, to enter upon any premises of the Buyer or any third party where the Goods are stored and repossess the Goods.
- 2.3 Until property in the Goods passes to the Buyer, the Buyer shall keep the Goods separate from those of the Buyer and any third party and properly stored, protected, insured and identified as the Seller's property. If the Buyer sells the Goods before the Property has passed to the Buyer, the Buyer will account to the Seller for the proceeds of any such sale.
- 2.4 The Buyer shall not be entitled to pledge or in any way charge any of the Goods which remain the property of the Seller but if it does so all monies owing by the Buyer to the Seller shall forthwith become due and payable.
- 2.5 Where the Seller is unable to determine whether any goods are the Goods, the Buyer shall be deemed to have sold, re-sold or otherwise dealt with all goods of the kind sold by the Seller in the order in which they were invoiced to the Buyer.

3. Insolvency of Buyer

- 3.1 This clause applies if:
 - (i) the Buyer makes any voluntary arrangement with its creditors or (being an individual or firm) becomes bankrupt or (being a company) becomes subject to an administration order or goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction); or
 - (ii) an encumbrancer takes possession, or a receiver is appointed, of any of the property or assets of the Buyer; or
 - (iii) the Buyer ceases, or threatens to cease, to carry on business; or
 - (iv) the Seller reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly.
- 3.2 If this clause applies then, without prejudice to any other right or remedy available to the Seller, the Seller shall be entitled to cancel the Contract or suspend any further deliveries under the Contract without any liability to the Buyer, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary.
E. & O.E.
